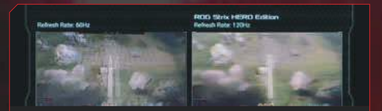
ROG STRIX “HERO” GL503
BORN FEARLESS

Only for True Heroes
The unique styling, Mayan patterns inspired from dragon scales, serve as the battle cry to your MOBA foes. The Strix Hero Edition is crafted to project your might, measuring just 2.4cm thin and weighing a mere 2.5kg.

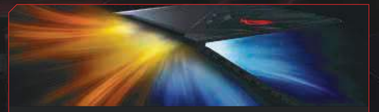
Epic Computing Power
The Strix “Hero” Edition is equipped with quad core Intel® Core™ i7 processor, GTX 1060 graphics, a 128GB NVME PCIe SSD and a 1TB HDD, ensuring for lightning-fast loading times and superior performance.



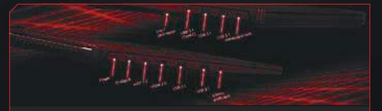
See The Whole Picture
The Strix “Hero” Edition upgrades your senses with a 120Hz, wide-view anti-glare display, decimating lag and delivering a clearer and smoother game world.

Quicker, Cleaner Keystrokes
The Strix “Hero” Edition puts keeps your fingers fixed on the action, with its specially highlighted QWER keys, 4-zone RGB backlit keyboard and a 1.8mm keys travel distance.

Thumping Loud Audio
The Strix “Hero” Edition featuring two expansive side-firing speakers that deliver clearer, louder and more accurate audio so every battle sounds real and epic.



Stay Cool in the Heat of Battle
The Strix “Hero” Edition features a Duo Thermal Technology design that gives the CPU and GPU its own heatsink and a powerful 12V fan to ensure optimal cooling, maximising CPU and GPU performance without thermal-throttling.



Epic Connections
The Strix “Hero” Edition comes with USB 3.1 Gen 1 Type-C™, four USB 3.1 Gen 1 Type-A, HDMI 2.0 and Mini DisplayPort 1.2 ports, so connecting the latest, greatest gaming peripherals is a cinch.

Equipped with ROG Gaming Centre
Keep all the controls in one place with a comprehensive dashboard showing real-time status of the CPU/GPU frequencies, voltages and temperatures - and use the control panel to make adjustments on the fly.

“HERO” EDITION “SCAR” EDITION

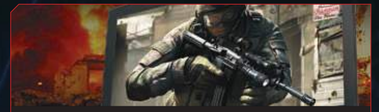
Why get ROG?

- Exclusive Accidental Damage Protection (ADP) plan** for ROG laptops
- Priority queue for qualified ROG laptops and desktops* at ASUS Singapore Service Centre at Tai Seng
- Dedicated hotline for qualified ROG laptops and desktops*

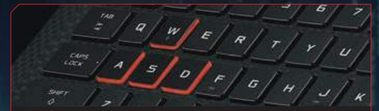
ROG STRIX “SCAR” GL503 / GL703
ABSOLUTE PRECISION

Designed for Top Shooters
Taking both its name and design inspiration from the assault rifle used by special forces, the Strix “SCAR Edition” is crafted in gunmetal grey and finished with a bullet-proof Kevlar lightweight design at 2.3cm and 2.5kg.

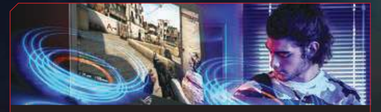


Combat-Proven Computing Power
The Strix “SCAR” Edition is equipped with quad core 7th Gen Intel® Core™ processor, up to GTX 1070 graphics, a 256GB NVME PCIe SSD and a 1TB HDD, guaranteed for superior gaming performance.

Sharp and Accurate
The Strix “SCAR” Edition upgrades your vision with an IPS-level display with a 144Hz refresh rate to deliver smooth, accurate visuals, eliminating lag and motion blur.



Precise Keystrokes
The Strix “SCAR” Edition puts decisive control at your fingertips with its specially highlighted WASD keys, 4-zone RGB backlit keyboard and N-key rollover along with an ergonomic 0.25mm-deep keycap curve.



Upgraded Audio Sensing
The Strix “SCAR” Edition delivers clearer, louder, and more accurate audio so every movement sounds real, all powerfully delivered through two expansive side-firing speakers.

Cool Under Fire
The Strix “SCAR” Edition has an intelligent thermal design that employs heat pipes and dual fans to automatically adjust the cooling system for optimised CPU and GPU performance.

Precise Connections
The Strix “SCAR” Edition comes with Intel® Thunderbolt™ 3, four USB 3.1 Gen 1 Type-A, HDMI 2.0 and Mini DisplayPort 1.2 ports, so connecting the latest, greatest gaming peripherals is a cinch.

Armed with ROG Gaming Centre
Make adjustments to the hardware settings in an instant and monitor real-time status of the CPU/GPU frequencies, voltages and temperatures with its comprehensive dashboard.

ROG ACCIDENTAL DAMAGE PROTECTION PLAN

Priority service and support from the people who know your ROG products

When you purchase ROG laptops, you will enjoy an exclusive and personalised after-sales service and support from our ROG Experts. Valid only within the first year of product ownership starting from your purchase date. There is a maximum limit of only one (1) claim per registered serial number during the first year of product ownership, subject to verification by ASUS.

Speak to our ASUS Specialists at the ASUS Brand Stores or authorised retailers near you for more information. Contact **+65 6588 1723** or log on to **https://www.asus.com/sg/campaign/rogprotection** for more enquiries regarding your ROG laptops or desktops*.

Exclusive Accidental Damage Protection (ADP) plan for ROG laptops**

Priority queue for qualified ROG laptops and desktops* at ASUS Singapore Service Centre at Tai Seng

Dedicated hotline for qualified ROG laptops and desktops*

Frequently Asked Questions (FAQs)

What is ROG Accidental Damage Protection (ADP)?
It is a fact – accidents happen to all of us. Our ADP plan was created to protect you against damages from accidents such as liquid spills, electrical surges and drops. Only applicable to selected ROG laptops *(subject to verification by ASUS)*, and valid only within the first year of product ownership starting from your purchase date.

What kind of accidental damages are NOT covered?
The ROG ADP does NOT apply to the following: scratches and dents, incorrect or inadequate customer installation, lost or stolen products, intentional damage, recovery or transfer of stored data to the product, requests for miscellaneous cables or accessories and damages caused by natural disasters.

What is the list of products that are eligible for ROG ADP plan?
This protection plan applies only to selected ROG laptops from ASUS Brand Stores and authorised retailers. Products must be purchased in BRAND NEW factory sealed condition. Refurbished or open box devices, units sold and purchased outside of Singapore and purchases from non-authorised Singapore retailers are not entitled for this program.

How many claims can I file for accidental damage?
There is a maximum limit of only one (1) claim per registered serial number during the first year of product ownership, starting from your purchase date. Serial number validation is performed by ASUS Service Centre or Call Centre.

How do I request for a RMA or On-Site Service for my ROG product?
You can call the ROG Service Hotline at **+65 6588 1723** to request for a pick-up of your ROG laptop or on-site service of your ROG desktop *(on-site service is not applicable to ROG laptops)*.

ROG DEDICATED HOTLINE: +65 6588 1723

2 YEARS GLOBAL WARRANTY

Only with Authorised Dealers & ASUS ROYAL CLUB

*The Pick-Up & Return service applies to In-warranty ASUS laptop and mobile devices only. The Pick-Up & Return service for defective unit within warranty period will be free of charge. Out-of-warranty, non-defective or customer-induced damage units are not covered by Pick-Up & Return service. Customer shall be responsible for saving and backing up any data in the ASUS product being returned to ASUS for in-warranty or out-warranty service. For out of warranty service, customer will need to send in by themselves and there will be charges imposed if PUR service is required. Do not send in unrelated accessories like charger, battery, earphone, SIM-card, memory card, battery cover, RAM etc. ASUS will not be liable or responsible for any discrepancies or lost accessories, unless those accessories are required. For warranty pick up, customer full details must be provided or ASUS has the rights to refuse the unit and will not be responsible for any mistake.

No. 1 Motherboard Brand in the World

ASUS has shipped more than 500 million motherboards globally since 1989. ASUS puts the best motherboards in every ASUS notebook, ensuring incredible quality and reliability.

Ranked Among World's Most Admired Companies

In the computer industry, ASUS was named among the top 10 World's Most Admired Companies by Fortune Magazine in 2015.

Ranked Among Top Global IT Company

ASUS was recognised among the top 10 global IT brands in the Consumer Electronics category of The World's Most Innovative Companies 2010, compiled by Fast Company, a leading progressive business media brand.

No.1 in Quality and Service

ASUS ranked first in quality and innovation in The Wall Street Journal Asia survey in 2009.

4,385 Awards in 2016

In 2016, ASUS won a total of 4,385 awards from leading organisations and media groups, worldwide.

ASUS Green Technology

ASUS was the first global IT company in the world to achieve EU Flower Eco certification. It was also first to receive EuP certification for notebook PCs. Today, ASUS continues to build on a long-standing tradition of developing the world's most reliable and advanced green technologies.

ASUS PCs are Powered by Intel® Core™ Processors.

ASUS Won 4,385 Awards in 2016

ASUS is dedicated to pursuing the highest level of innovation and quality in everything we do. We aspire to become one of the world's most admired leading enterprises in the new digital era. Our ongoing efforts continue to garner worldwide recognition in every aspect of product development, including design, innovation, technology, quality, service, and energy-efficiency. In 2016, ASUS earned 4,385 awards from some of the most prestigious international organisations and media groups around the world. Each award is a testament to our relentless quest and commitment to creating technology that is designed for everyone to joy.

World's Most Admired Companies

ASUS was named one of the World's Most Admired Companies by Fortune Magazine in 2015. The Fortune list is the definitive report card on corporate standing.

CES Innovation

Seven ASUS products won CES Innovation awards across six categories in 2015. Each CES award recognises the highest standards in product design and engineering.

Good Design

ASUS products won 13 Good Design awards in 2015. Each Good Design award recognises excellence in design and engineering.

iF Design

ASUS products won 10 iF Product Design awards in 2015. iF Design awards are recognised worldwide as a seal of quality, identifying products that excel in specific criteria, including design quality, degree of innovation, functionality, ergonomics and more.

Red Dot

ASUS won nine Red Dot Awards in 2015. The Red Dot Awards event is one of the largest and most widely recognised professional design competitions for design concept and prototypes. ASUS has won more than 65 Red Dot awards since 2001.

8/10 HARDWARE ZONE SINGAPORE — SINGAPORE JAN 2018 HARDWARE ZONE

Both ROG Strix GL503 "Scar" and "Hero" Editions are well built, attractive and offers almost all the right features and traits you'd expect from a gaming-performance laptop.

SINGAPORE DEC 2017 THE TECH GOONDU

The ASUS ROG Zephyrus GX501 is a lean, mean gaming machine. It weighs less than most gaming laptops and rocks an NVIDIA® GeForce® GTX 1080 graphics chip.

STRAITS TIMES ★★★★☆ — SINGAPORE DEC 2017 STRAITS TIMES DIGITAL

A good, above-average ultrabook priced reasonably for what it offers. The ZenBook 13's dedicated graphics chip is useful for casual gamers.

STRAITS TIMES ★★★★☆ — SINGAPORE DEC 2017 STRAITS TIMES DIGITAL

ASUS has nailed the design and portability for the ZenBook Flip S, minimising the downsides of the form factor.

7.5/10 HARDWARE ZONE SINGAPORE — SINGAPORE DEC 2017 HARDWARE ZONE

The ROG Strix GL702ZC is a pretty well-built laptop. The speakers are excellent, and the display doesn't annoy you with poor viewing angles or washed out colors. The keyboard also feels good to type on, so the overall user experience is quite positive.

STRAITS TIMES ★★★★☆ — SINGAPORE OCT 2017 STRAITS TIMES DIGITAL

The ZenBook Pro is a capable, well-built 15-inch laptop for mobile professionals who need more graphics horsepower. But gamers can probably find more powerful and perhaps cheaper alternatives.

8/10 HARDWARE ZONE SINGAPORE — SINGAPORE SEP 2017 HARDWARE ZONE

If what you want is a powerful laptop for work, the ZenBook Pro certainly deserves your consideration. And should you really want to play more far more demanding games on it, it'll also work with the ASUS ROG XG Station 2 external graphics dock.

Stuff ★★★★☆ — SINGAPORE SEP 2017 STUFF TV

2-in-1 laptops have been shedding weight ever since they first showed up - but the ZenBook Flip S might be the first to squeeze into a size zero.

STRAITS TIMES ★★★★☆ — SINGAPORE AUG 2017 STRAITS TIMES DIGITAL

The ASUS ROG Zephyrus GX501 appears to be the first 15-inch laptop with a GTX 1080, which is typically reserved for chunkier laptops with bettercooling systems.

SINGAPORE JULY 2017 TECH REVOLUTIONIST

The ASUS ROG G701 is an amazing laptop with top-tiered gaming performance that is unbeatable by any other laptops to date.

8/10 HARDWARE ZONE SINGAPORE — SINGAPORE JULY 2017 HARDWARE ZONE

The ASUS ZenBook 3 Deluxe stands out amongst its peers for its incredible compactness and seductive design.

8/10 HARDWARE ZONE SINGAPORE — SINGAPORE JUNE 2017 HARDWARE ZONE

The ROG STRIX GL502VM 15.6-inch gaming notebook shootout: Hitting the sweet spot

STRAITS TIMES ★★★½☆ — SINGAPORE MAY 2017 STRAITS TIMES DIGITAL

The B9440 feels like a 13-inch model, despite having a 14-inch screen, because of the ultra-thin bezel.

vrzone 8.7/10 — SINGAPORE MAR 2017 VR-ZONE

The G701 is a marvel of engineering and a lot of fun to use. Benefiting from the GTX 1080 and an insane amount of RAM, this portable PC will keep you gaming well into 2020. Not the cheapest laptop around, but just an all round amazing machine.

STRAITS TIMES ★★★★☆ — SINGAPORE MAR 2017 STRAITS TIMES DIGITAL

The ASUS VivoPC X M80 strikes a fine balance between performance and price.

HARDWARE ZONE BEST VALUE — SINGAPORE MAR 2017 HARDWARE ZONE

The ASUS ROG Strix GL502VM sits in something of a sweet spot. It is equipped with a GeForce GTX 1060. costing far less than the GeForce GTX 1070 notebooks, and yet still serves up a level of performance.

HWM TECH AWARDS 2016 READERS' CHOICE — SINGAPORE FEB 2017 HARDWARE ZONE

A new category we created two years back to reflect this form factor trend, this award has been won by ASUS on both occasions. Well, you can call it a three-peat now, as ASUS is the winner yet again, this time with 33% of the votes.

THE STRAITS TIMES DIGITAL AWARDS 2017 Editor's Choice — SINGAPORE FEB 2017 STRAITS TIMES DIGITAL

But our pick, as well as that of our readers, was the stylish ASUS ZenBook 3. While it may seem to be inspired by the Apple MacBook, the ZenBook 3 comes in a classy shade of blue. It is extremely well-built with premium materials. Its battery life was relatively good too.

THE STRAITS TIMES DIGITAL AWARDS 2017 Readers' Choice — SINGAPORE FEB 2017 STRAITS TIMES DIGITAL

The ASUS Transformer 3 Pro is probably the most polished Surface Pro 4 clone in the market today, and that should be taken as high praise.

7.5/10 HARDWARE ZONE SINGAPORE — SINGAPORE FEB 2017 HARDWARE ZONE

The ASUS Transformer 3 Pro has a wonderfully sharp screen, a great pen, and an excellent keyboard cover. It is also super slim and light, making it easy to carry around.

BEST ★★★★★ — SINGAPORE DEC 2016 HARDWARE ZONE

The ZenBook 3 is a powerful and sleek looking notebook for those who prize portability above all else.

8/10 HARDWARE ZONE SINGAPORE — SINGAPORE OCT 2016 HARDWARE ZONE

Ultimately, you're going to have to get your priorities straight when deciding whether or not to get the ZenBook 3. Is sheer portability and looks everything to you? Then the ZenBook 3 is probably a good fit. But if you prefer function over form, you'll be just as happy with a cheaper notebook from a different brand. That being said, this is the first Kaby Lake notebook to be available locally, so if you're looking to jump onboard with Intel's seventh-generation processors, this is still your only option for now. And if you're upgrading from a three-year-old laptop, the ZenBook 3 will net you a decent performance boost and battery life improvements.

STRAITS TIMES ★★★★☆ — SINGAPORE OCT 2016 STRAITS TIMES

The ASUS ROG Strix GL502 hits the sweet spot for a 15-inch gaming laptop. At S$2,698, it is competitively priced for a gaming notebook equipped with NVIDIA's latest Series-10 graphics card. This graphics card is significantly faster than the previous generation. Powering the Strix is the NVIDIA GeForce GTX 1070 graphics card, which is more than capable of supporting a virtual reality headset. It also blew past our gaming benchmarks, scoring over 100 frames per second in Doom at the maximum graphics setting. Overall, the ASUS ROG Strix GL502 provides excellent performance for its price.

8/10 HARDWARE ZONE SINGAPORE — SINGAPORE OCT 2016 HARDWARE ZONE

The version of the ROG Strix GL502 with the GeForce GTX 1070 retails for S$2,698, while the GeForce GTX 1060-equipped model is slightly cheaper at S$2,498. As far as high-end gaming notebooks go, these lean toward the more affordable end of the price scale, and ASUS is bundling them with freebies like a backpack, a pair of ROG circumaural stereo headphones, and the 5,000DPI ROG Sica optical gaming mouse.

THE STRAITS TIMES DIGITAL EDITOR'S CHOICE — SINGAPORE OCT 2016 STRAITS TIMES DIGITAL

This dark blue shade gives the ZenBook a classy demeanour, complemented perfectly by the gold trim along the laptop edges. The ZenBook may be inspired by the MacBook's design, but it has a more powerful processor and longer battery life.

8.5/10 HARDWARE ZONE SINGAPORE — SINGAPORE OCT 2016 HARDWARE ZONE

The ZenBook 3 display is quite gorgeous to look at despite the 1080p resolution that may not seem as impressive on paper. ASUS' notebook bears more than a passing resemblance to the MacBook, but it trumps it in almost every conceivable way, from faster hardware to a lighter and thinner design.

SINGAPORE OCT 2016 LIANHE ZAOBAO

My first trial with the latest ultra-thin ZenBook 3, the most impressive feature is its beautiful body design. After a week of testing, I found that it not only has external beauty but its internal performance is impressive as well.

AUGUSTMAN TECH AWARDS 2016 — SINGAPORE JULY 2016 AUGUSTMAN

The Zen AiO Pro has a gorgeous 4K display option, plenty of processing power for your heavy-duty hard work and discrete graphics in case you want to indulge in a bit of gaming.

Stuff ★★★★☆ — SINGAPORE MAY 2016 STUFF TV

The Transformer Book is a top affordable tablet for those who fancy a nice display but aren't willing to pay through the nose for it.

PEOPLE'S CHOICE 2016 — SINGAPORE MAY 2016 ASIA ONE

The ZenBook UX305 was nominated for one of the AsiaOne People's Choice Award 2016 for the best laptop.

ALL ROG GT51, STRIX GD30 & G20 are entitled to ROG priority service queue and dedicated hotline service. Refer to page 6 for more information.

TAILORED TO YOUR UNIQUE STYLE

Featuring two removable front panels that you can attach or remove in any combination for a total of six possible styles.

ARMOUR UP YOUR ROG STRIX GD30

With room for up to six HDDs, two SSDs, five fans, and a water-cooling system, it lets you expand and grow your gaming system as needed, while easy cable routing to keep things neat.

LIGHT UP WITH ASUS AURA

Match the look and feel of your system to the game you're playing with a choice of over 8-million colours and multiple pulsing or static effects in a single colour or up to ten colours.

THREE MONITOR SURROUND

With support for playing on up to three displays, the ROG Strix GD30 lets you see more of the battlefield for a tactical advantage in first-person shooters and real-time strategy games.
