about ASUS

ASUS is a worldwide top-three consumer laptop vendor and maker of the world's best-selling, most award-winning, motherboards. A leading enterprise in the new digital era, ASUS designs and manufactures products that perfectly meet the needs of today's digital home and office, with a broad portfolio that includes motherboards, graphics cards, optical drives, displays, desktop and all-in-one PCs, laptops, netbooks, servers, multimedia devices, wireless solutions, networking devices, tablets and smartphones.

Driven by innovation and committed to quality, ASUS won 4,256 awards in 2013 and is widely credited with revolutionising the PC industry with its Eee PC™. ASUS has more than 12,500 employees around the globe with a world-class R&D team of 3,800 engineers. Company revenue for 2013 was approximately US\$14 billion.

*Battery life will vary according to use. *In compliance with IPX2 and drop test performed on a steel surface from up to 1.5m, this smartphone is protected against falling water and drops. Provided that the cover is firmly closed, the phone is (i) protected against water when tilted up to 15 degrees from all practicable directions for up to 10 minutes, water equivalent to 3mm of rainfall per minute in compliance with IPX2, and/or (ii) capable of resisting drops on a steel surface from up to 1.5m. Test is run three times at alternating heights, with impact testing on all sides of the device. All tests were performed on the smartphone only, not including PadFone S Station. Please note that the above information does not constitute as ASUS manufacturer warranty. Please refer to ASUS Warranty Information along with your product for the detailed information. *Please refer to the PadFone S product page at <http://www.asus.com/sg>. *Free selfie stick with purchase of PadFone S during SITEX Show only, and while stocks last.
