

ASUS ExpertCenter D7 SFF D700SD

Secure, Reliable, and Business-Ready

ASUS ExpertCenter D7 SFF delivers a high-performance, enterprise-grade security and management in an ultra-compact and sleek package, so business users can have a flexible and neat workspace. Built to last, it meets MIL-STD-810H US military standards and offers a highly expandable-chassis, ensuring long-term reassurance and easy future upgrades for professionals.

ASUS ExpertCenter D7 SFF D700SD

Whether you want to save space, create a tidy workspace, fit more computers into offices or connect more business peripherals, slim and compact ExpertCenter D7 SFF is made for you. To ensure both consistent performance and minimum noise from a small package, we optimized D7 SFF's thermal design by creating dedicated isolated air chambers for PC's main heat generators to prevent heat pooling inside — ensuring quiet operation even during its highest performance.

Ready for the Business World

A full array of I/O ports is ready to connect to a wide range of business peripherals. It has seven front-mounted USB ports — including one USB Type-C® (USB-C®) ports for quick and easy access.

Stay Secure, Anywhere

ASUS understands that IT security must evolve to effectively serve as the first line of defense against business disruptions. ExpertCenter desktops feature sophisticated security features to keep your business, and its future, safe.

Exceptional performance

To make light work of all your business tasks, ExpertCenter D7 SFF is powered by a cutting-edge 12th Gen Intel® Core™ processor with the latest DDR4 RAM. Up to three displays can be used simultaneously without adding an extra graphics card.

Compact and Flexible

Designed to fit any workspace, ExpertCenter D7 SFF has a modern, compact, and stylish small-form-factor chassis that can stand either vertically or horizontally.

Product Specifications

Model Name: D700SD-Q53P
