Using ZenFone 3 has completely changed my life. I spend lesser amount of time charging my phone and more hours clicking pictures, shooting videos, playing games and listening to music. Its sophisticated design ensures that I can use it for every occasion without having to worry about changing the way my phone looks."

*Love,
Shweta Singh* ♥

Zenfone™

Our journey begins with a singular focus
The pursuit of superior function wrapped in a stunning, stylish body

Just like a well-cut diamond
The process takes a great deal of time and dedication by talented, passionate
craftsmen, to create a Zen-like balance between strength and beauty

When the world shows you something you simply can't turn away
My laser focus puts the speed of light right in your hands
Together we can capture the moments that will last a life time

Together we are unstoppable
Together we See What Others Can't See

We are ZenFone

PixelMaster 3.0

Capture reality, fast and steady

Next-generation PixelMaster 3.0 lifts the new ZenFone 3 Series photography far above the smartphone norm. To capture real-world authenticity, PixelMaster 3.0 packs a 23MP/16MP sensor, 92MP/64MP Super Resolution technology, large f/2.0-aperture lens and subject-tracking TriTech auto-focus for any distance and lighting clarity in just 0.03 seconds. With both optical and electronic image stabilization for blur-free shots and video, and color correction sensor for true color photography, forget everything you know about smartphone photography — the PixelMaster 3.0 revolution is here.

VisualMaster 3.0

ASUS VisualMaster is a suite of exclusive visual enhancement technologies — including ASUS Tru2Life+ and ASUS TruVivid — that combine hardware and software to deliver an incredibly realistic visual experience.

ASUS Tru2Life+ Brings Rich Viewing Experience

ASUS Tru2Life+ technology uses the latest image processing technology found on 4K TVs. Every pixel is optimized to deliver incredible contrast and sharpness for beautiful, true-to-life images. Tru2Life+ also has motion-estimation and motion-compensation (MEMC) algorithms for smooth, blur-free video that doesn't judder. With ASUS Tru2Life+ technology, it's just like being there.

Intelligent contrast

Intelligent contrast enhancement analyzes and optimizes each pixel in an image before it is reproduced, rendering more detail in the highlights and shadows to reveal the true beauty in your pictures.

SonicMaster 3.0

Impress your ears with cinematic 3D surround

SonicMaster 3.0 technology combines more audio innovations that you'll find on any other smartphone — more volume, more quality and more effects. New five-magnet speakers are driven by a powerful NXP Smart AMP, for expansive, high-volume output. When it's time for immersive listening, The new ZenFone 3 Series is able to output certified high-resolution audio to compatible devices at 24-bit/192kHz, or 4x CD quality! Then, ZenFone 3 Ultra ramp up the audio effects with DTS Headphone:X™ to pump virtual 7.1-channel surround sound straight to your ears — another smartphone world first!

Zenfone™ **3** Deluxe

Determined. Desirable. Distinguished.

Every intricate detail of ZenFone 3 Deluxe determines what it is. A desirable meld of art and science that accords you an untouchable level of distinction. A smartphone where craftsmanship and technical brilliance combine to create a sleek, all-metal outlook with an antenna that's not merely discreet — it's entirely invisible. And then you look inside to find a 23MP camera with TriTech auto-focus and 6GB of memory. ZenFone 3 Deluxe is as determined, desirable and as distinguished those able to acquire it. ZenFone 3 Deluxe is your next ambition.

Desirable Appearance

- World's 1st full metal unibody phone with invisible antenna design
- 5.7 FHD Super AMOLED Display with ASUS Tru2Life Technology
- 1.3mm Slim Bezel and 79% Screen to Body Ratio

Determined performance

- Qualcomm 14nm S821 Processor with up to 6GB RAM
- Support QuickCharge 3.0 & Type-C USB 3.0
- New 5-Magnet Speaker with High-Res Audio

Distinguished PixelMaster 3.0 camera

- 23/8MP rear & front PixelMaster 3.0 camera
- World's best 0.03 second TriTech AF camera
- 4 axis OIS/3 axis EIS/Color Correction Sensor

The all-metal miracle with invisible antennas

Every smartphone needs antennas but radio waves won't pass through metal — that's why so many smartphones designs are marred by ugly gaps. But not ZenFone 3 Deluxe. Our world-class engineers' pursuit of perfection and technical prowess ascend a new pinnacle with ZenFone 3 Deluxe, integrating the antennas in such a way as to make them invisible. The result is gapless beauty and uncompromised signal quality. A curved, diamond-cut wonder with an all-metal unibody that seems impossible — that's ZenFone 3 Deluxe.

Invisible

The journey to perfection

We start with finest aerospace-grade alloy, precision-milled with 0.14mm diamond-cutting technology to create the optimum balance of strength and sleekness for ZenFone 3 Deluxe's all-metal frame. We then abrade the surface with a 0.125mm hyperfine sanding process, polishing it to a beautifully smooth finish — just one of the 240 precision steps it takes to create perfection.

So much screen, so much reality

To view ZenFone 3 Deluxe's 5.7 display is to see new realities. With super-bright, Super AMOLED technology, 1920 x 1080 Full HD resolution, a 3,000,000:1 contrast, and a color gamut that's greater than 100% of the NTSC color space, everything ZenFone 3 Deluxe displays looks as vibrant as real life — and with ASUS Tru2Life technology optimizing every pixel for maximum intensity. The display's barely-there 1.3mm bezel gives a huge screen-to-body ratio of 79%, for a vast view in a smaller space. And with always-on technology, the screen keeps vital information in constant view for whenever you need it — without waking up the whole display.

Speed revolution

It seems impossible that something as beautiful as ZenFone 3 Deluxe (ZS570KL) could also deliver exceptional performance — but we've made the impossible possible. Its elegant beauty veils monstrous power, including a Snapdragon 820 series processor, up to 6GB memory and desktop-grade Adreno™ 530 graphics performance. ZenFone 3 Deluxe also has up to 600Mbps 4G LTE (Cat 13), any-way-up USB-C, rapid fingerprint security.

GPU	Cat 13 LTE	Port		

Fingerprint sensor with so much more

ZenFone 3 Deluxe's rear fingerprint is perfectly positioned for the way you hold your phone. It unlocks ZenFone 3 Deluxe in a fraction of a second, and does so much more besides. Swipe your fingertip down across the sensor to summon the selfie camera, and then tap with your tip to take a picture: it's like a second shutter button, right where you need it. You're even able to answer incoming calls with a double-tap, or launch favorite apps with specific fingerprints — and you can store up to five!

Capture reality, fast and steady

Next-generation PixelMaster 3.0 lifts ZenFone 3 Deluxe's photography far above the smartphone norm. To capture real-world authenticity, PixelMaster 3.0 packs a 23MP sensor, 92MP Super Resolution technology, large f/2.0-aperture lens and subject-tracking TriTech auto-focus for any distance and lighting clarity in just 0.03 seconds. With both optical and electronic image stabilization for blur-free shots and video, and color correction sensor for true color photography, forget everything you know about smartphone photography — the PixelMaster 3.0 revolution is here.

ASUS ZenUI™

New interface with added intelligence

Incredible hardware demands spectacular software — and that's ZenUI 3.0. ZenFone's sublime front end improves the standard interface in over 1,000 unique ways, and our latest edition includes brand-new ideas to brighten your outlook, improve productivity and make everyday life just that little bit more fun. See weather updates with real-time animations, or check the time with a stylish clock widget. Feel the depth of parallax scrolling as you swipe through your apps, and appreciate how the subtle frosting effect keeps your focus on the foreground. ZenUI 3.0 isn't just an interface — it's the best friend who accompanies you everywhere.

Game Genie

Game smart, win fast, stream smooth

Game Genie is a brand-new feature of ZenUI 3.0, and one that's packed with brilliant features to enhance your playtime! Summon the pop-up search window to

hunt for tips as you play, use the booster feature to speed up the action, or broadcast your gameplay live via YouTube or Twitch — if you think you're good enough!

Your ZenFone 3 Premium Protection

We also designed ZenFone 3 flip covers that help to provide ZenFone 3 beautiful display from scrapes and scratches. The Folio Cover, specially designed for ZenFone 3 Ultra is a premium-crafted cover that folds in on itself to create an instant stand for your ZenFone Ultra while View Flip Cover series has an viewing window for instant alert on important messages and calls.
