Why ASUS LED Projectors

Following a sharp increase in visible LED performance in the last few years, LEDs are increasingly being used as a light source in projection systems. ASUS lamp-free LED projectors deliver eco-friendliness, longevity, saturated colors, and high integration capabilities for users.

2 YEARS LOCAL WARRANTY

LED
Light Source
30,000 hours
Lifetime

Bright and Crystal Clear Display

Eco-friendly Lamp-Free Projection

Thanks to extremely long service life of mercuryfree LED light source, up to 30000 hours, ASUS LED projectors eliminate the need for frequent lamp replacement, reducing expensive maintenance costs, and lower consumption of power and CO2 emission. To use the ASUS LED projector for 8 hours per day, with the lifespan of 30000 hours, can be used around 10 years without lamp change.

Instant On/Off

Quick and Convenient Control

Instant On and Off Button

ASUS LED Projectors can be quickly set up to provide crystal clear projections in seconds from power-up without any need for long warm-up times. There is no cooling down period required either, powering off instantly.

Wireless
Projection Read

Portable for the Road

Wireless Projection Ready

ASUS Wi-Fi Projection lets you wirelessly connect and stream presentations, photos, and other contents from an Android or iOS smartphone, tablet, or notebook to the projector for convenient control and cable-free use.
