ASUS Won 4,368 Awards in 2015

ASUS is dedicated to pursuing the highest level of innovation and quality in everything we do. We aspire to become one of the world’s most admired leading enterprises in the new digital era. Our ongoing efforts continue to garner worldwide recognition in every aspect of product development, including design, innovation, technology, quality, service, and energy-efficiency. In 2015, ASUS earned 4,368 awards from some of the most prestigious international organisations and media groups around the world. Each award is a testament to our relentless quest and commitment to creating technology that is designed for everyone to enjoy.

World’s Most Admired Companies
ASUS was named one of the World’s Most Admired Companies by Fortune Magazine in 2015. The Fortune list is the definitive report card on corporate standing.

CES Innovation
Seven ASUS products won CES Innovation awards across six categories in 2015. Each CES award recognises the highest standards in product design and engineering.

Good Design
ASUS products won 13 Good Design awards in 2015. Each Good Design award recognises excellence in design and engineering.

iF Design
ASUS products won 10 iF Product Design awards in 2015. iF Design awards are recognised worldwide as a seal of quality, identifying products that excel in specific criteria, including design quality, degree of innovation, functionality, ergonomics and more.

Red Dot
ASUS won nine Red Dot Awards in 2015. The Red Dot Awards event is one of the largest and most widely recognised professional design competitions for design concept and prototypes. ASUS has won more than 65 Red Dot awards since 2001.
The Zen AIO Pro has a gorgeous 4K display option, plenty of processing power for your heavy-duty work and discrete graphics in case you want to indulge in a bit of gaming.

The ASUS Zen AIO Pro Z24IC is an excellent all-in-one desktop PC that not only looks sleek, but also holds the performance you need for your day-to-day application. Whether it’s family movie time or solo gaming, this desktop system gets the job done without much complaints.

The ASUS Zen Fone 2 Laser is for those who fancy a nice display but aren’t willing to pay through the nose for it. A top affordable tablet for those who fancy a nice display but aren’t willing to pay through the nose for it.

The ZenBook UX305 was nominated for one of the AsiaOne People’s Choice Award 2016 for the best laptop. The annual CLEO Guy Stuff Awards 2016, with ZenBook UX305 being awarded the most stylish laptop with its ultra-thin profile and stylish features.

The ROG G7400 is in fact one of the few gaming notebooks running a desktop-class GeForce GTX 980 GPU. But more than that, its pièce de résistance is its liquid-cooling dock.

The ASUS Zenfone 2 Laser is available in a 5-inch variant - the ZE500KL - for just S$239 and it shares all of the attributes of the 5.5-inch reviewed version, making it a more value for money counterpart if price is a strong consideration. Furthermore, its smaller screen size would allow it to have a higher pixel density.

The ZenFone Zoom on the other hand has an actual optical zoom lens, the same kind you would find in a DSLR or compact digital camera. Zoom lens are far more complicated and bulkier than their fixed focal length counterparts, which is why we haven’t seen one in a slim smartphone until now.

The ASUS ZenFone 2 Laser is for gamers who want the best possible gaming experience.

The ZenBook UX305 was awarded for the Best 2-in-1 Notebook Brand by the Hardware Zone readers. A new category we created last year to reflect the latest trend, the inaugural winner was ASUS. This year, our readers have once again voted for ASUS (30%), maker of fine machines like the Transformer Book T300 Chi, Transformer Book Flip TP200, and T100HA.

The ROG G752VW was awarded for the Best mainstream smartphone. The ZenFone 2 Laser is excellent, and a backlit keyboard with macro keys makes for comfortable gaming.

The ROG G752 was awarded for the best mainstream smartphone. The ZenFone 2 Laser is excellent, and a backlit keyboard with macro keys makes for comfortable gaming.
No. 1 Consumer Notebook Brand in APAC

In 2015, ASUS continued to exhibit exponential growth in the consumer notebook category and was a preferred brand for consumers across Asia Pacific and Europe.

No. 1 Motherboard Brand in the World
ASUS has shipped more than 500 million motherboards globally since 1989. ASUS puts the best motherboards in every ASUS notebook, ensuring incredible quality and reliability.

Ranked Among World’s Most Admired Companies
In the computer industry, ASUS was named among the top 10 World’s Most Admired Companies by Fortune Magazine in 2015.

Ranked Among Top Global IT Company
ASUS was recognised among the top 10 global IT brands in the Consumer Electronics category of The World’s Most Innovative Companies 2010, compiled by Fast Company, a leading progressive business media brand.

No. 1 in Quality and Service

4,368 Awards in 2015
In 2015, ASUS won a total of 4,368 awards from leading organisations and media groups, worldwide.

ASUS Green Technology
ASUS was the first global IT company in the world to achieve EU Flower Eco certification. It was also first to receive EuP certification for notebook PCs. Today, ASUS continues to build on a long-standing tradition of developing the world’s most reliable and advanced green technologies.
ASUS 2 Years International Warranty*

ASUS guarantees you with no repair and component charges within your 2 years warranty period for notebooks. For tablets, 1 year international or local warranty is offered depending on the models. ASUS international warranty makes sure that you are protected even if you are stationed abroad, with our centres established across 55 countries.

This is ASUS’ commitment to deliver quality and customer satisfaction to you, wherever you might be.
