WHY CHOOSE ASUS?

ASUS was recognised among the top 10 global IT brands in the Consumer Electronics category of business media brand. ASUS has shipped more than 500 million motherboards globally since 1989. ASUS puts the best motherboards in every ASUS laptop, ensuring incredible quality and reliability.

Ranked Among World’s Most Admired Companies
ASUS was the first global IT company in the world to achieve EU Flower Eco certification. It was also the first to receive EuP certification for notebook PCs. Today, ASUS continues to build on a long-standing tradition of developing the world’s most reliable and advanced green technologies.

ASUS WON 4,385 AWARDS IN 2016
ASUS is dedicated to pursuing the highest level of innovation and quality in everything we do. We aspire to become one of the world’s most admired leading enterprises in the new digital era. Our ongoing efforts continue to garner worldwide recognition in every aspect of product development, including design, innovation, technology, quality, service, and energy-efficiency. Each award is a testament to our relentless quest and commitment to create technology that is designed for everyone.

IF Design Awards
ASUS has won every international design awards, and once again, the outstanding quality and innovation of its design was recognised by winning at least 10 awards in the prestigious 2015 IF Design Awards.

Red Dot Award
The simple and clean design of the Red Dot Award-winning ASUSPRO series goes perfectly with a businessman’s sleek image, and the powerful performance and usability is every businessman’s best companion.

Comptia Best Choice Awards - Green ICT Award
Based on the strategy of Green ASUS, the Nettop EB1033 uses less material, less energy and also promotes energy saving idea to the users. This shows the benefits of the compact PC design.

Taiwan Excellence 2015
The flagship desktop models ASUSPRO D810MT Mini Tower PC and ASUSPRO D810MT Mini Tower PC is once again crowned with the Taiwan Excellence Mark in 2015, making it a fourth consecutive year for ASUS Business Desktops to be awarded.

ASUS recommends Windows 10 Pro.

REASSURING WORLDWIDE SERVICES AND SERVICE PACKAGE

With a worldwide network, ASUSPRO stays close to your business needs. ASUS guarantees all ASUSPRO devices with free repairs and component replacement with a global warranty. In addition, ASUS international warranty makes sure that your investment is protected even if you relocate.

The ASUSPRO Service Package offers a wider range of solutions that goes beyond the standard warranty to meet the needs of business-critical IT environments. The extended offerings protect your business by helping you to customise a service solution that best meets your needs.

Warranty Extension
This allows you to extend service coverage of products to match the expected length of time they will be used.

Next Business Day Onsite Response (NBD)
This provides a faster response time so you can minimise business risk on units experiencing technical problems.

Accidental Damage Protection (ADP)
This helps to avoid repair or replacement costs due to mishaps that may occur during normal operation of devices.

Defective HDD Retention (DHR)
DHR allows you to retain your malfunctioning hard drive while your defective drive is being replaced.

HONOURING YOUR TRUST IN TECHNOLOGY
WITH COMPLETE RELIABILITY

When technology is at the heart of your business, nothing less than best-in-class quality, reliability and performance will do. ASUSPRO rises up to the increasing demands of technology-enabled businesses with constant innovation. Leading satisfaction with reliability, our advanced desktop solutions have won us the approval of users all around the world.

Rigorous Quality Testing
ASUSPRO machines are subject to stringent quality tests to ensure that they meet our exacting standards and exceed those of other manufacturers. Before an ASUSPRO laptop can reach you, it has to prove its worth by overcoming a series of rigorous noise, vibration, drop and thermal shock tests. That is how we can assure you that your device will operate smoothly under any climate; no matter how hot or cold, dry or humid.

Premium Solid Capacitors
ASUSPRO devices are made with the world’s best motherboards and employ premium solid capacitors. These high quality components provide utmost durability, improved longevity, and enhanced thermal performance.

ASUS PRO
DESIGNED FOR ALL SECTORS

ASUS PRO Laptop Solutions & ASUS ChromeBook / Transformer Book Solutions

Enterprise Ultrabook
Enterprise Ultrabook™ is at the top of business anytime and anywhere, and is designed to meet high tactility. Built with robust magnesium alloy that surpasses MIL-STD-810G military standard, it provides maximum durability and delivers unparalleled performance with Intel® vPro™ technology.

Enterprise Ultrabook™

SMB Mobility
Designed for small and medium businesses, ASUS PRO devices offer ultra-thin performability with high performance that starts at 1.25kg. They are reinforced by much higher standard testing than mainstream laptops. This includes drop tests, hinge cycle tests and panel pressure tests.

Enterprise Ultrabook™

SMB Performance
SMB Performance laptops have a professional look with brushed-hairline textures and scratch-resistant displays. They are ergonomically designed and feature a seamless one-piece chiclet keyboard with precise key alignment for comfortable typing. The anti-glare matte prevents unwanted reflections and helps to reduce eye fatigue.

ASUS PRO Laptop Solutions

SMB Basic
Business and organisation users demand higher standards and greater reliability, so all ASUSPRO series laptops are tested stringently to much higher industry standards than mainstream laptops. They are proven to be highly durable in drop tests, hinge cycle tests, and panel pressure tests. They also ship with an anti-shock hard drive that includes a triple protection mechanism to ensure that your data is always safe.

Transformer Book
The Transformer Book is designed to ensure unparalleled portability and performance. It is a aggressively sleek detachable crafted from aluminium-magnesium alloy, thus protecting the 2-in-1 laptop from everyday scuffs and scratches.

Transformer Book T304
ASUS PRO B9440
LAPTOP SPECIFICATIONS*

The ASUSPRO B9440 provides the enviable ultra-lightness, durable robustness and larger display necessary to remain on top of business anytime and anywhere in the world. Professionally designed in every aspect, it is the world’s lightest 14-inch business laptop that marries off with military grade reliability. It also fits a 14-inch full HD display in a smaller 13-inch chassis, and the iconic angular edges of the ASUSPRO B9440 embody the purpose-driven spirit of a serious business laptop. Now that’s the smarter way for your business anytime and anywhere globally.

ASUSPRO
DESIGNED FOR ALL SECTORS

Enterprise / Medium-sized / Small Business Solutions

Small Form Factor (SFF)
Small Form Factor PC can be placed vertically or horizontally, giving you more flexibility. It also provides perfect balance of expandability and space-saving capability.

Mini Tower (MT)
Mini Tower PC offers full expandability for future upgrades, allowing it to grow along with your ever-expanding business.

All-in-One (AiO)
All-in-One PC packs all you need together for a clutter-free user experience. Wall-mounting options help maximise the workspace area.

Enterprise-class Performance Management
The ASUSPRO DESKMT / DESKSF desktop offers comprehensive features such as the Intel® vPro™ technology and optional ASUS Inventory Management for streamlined asset management. This ensures stringent quality tests for reliability and the small form factor (SFF) chassis supports flexible placement at limited workspaces.

Advanced Performance for Business
The ASUSPRO DESKMT / DESKSF desktop is an industry-leading desktop with greater agility and faster response times. It features an easy-to-service chassis design to maximise system uptime.

Basic Performance for SMB
The ASUSPRO DESKMT / DESKSF desktop gives you all that you need to perform routine daily tasks. It provides enhanced computing power and security, supporting up to three kinds of display ports such as HDMI, DisplayPort, and DVI-I, making it ideal for SMBs.

ASUSPRO DESKTOP SOLUTIONS

Every company has different needs and face different challenges as they grow. ASUSPRO progresses with your business, stretching the limits of technology to create a suite of desktop solutions which will be comprehensive and versatile enough to cater to every business need.

ASUS Pro Windows 10 Pro.

Intel Inside®. Extraordinary Performance Outside.
ASUSPRO AIOs are 21.5-inch AIO PCs with business-class security suitable for multiple applications. Featuring TPM security chip, the ASUSPRO A5421 has a hassle-free rear cover for easy key part maintenance and optional smart card reader. The slim and stylish design allows the AIO to fit perfectly into any business environment, from offices to educational establishments.

Flexible & Multifunctional 19.5” AIO

The ASUSPRO A4321 is a 19.5-inch multi-touch AIO PC with business-class security suitable for multiple applications. Smart features are packaged into a slim design that are easily deployed in any business environment – from offices and educational establishments to retail point-of-sale (POS) applications. It features a hassle-free rear cover for easy key part maintenance and optional smart card reader.

Cost Efficient & Space-Saving 16.6” AIO

Designed to meet the needs of applications such as point-of-sale (POS), self-service machines, educational or digital signage, the ASUSPRO A4110 is an AIO PC with a 15.6-inch capacitive 10-point multi-touch display. Its slim and stylish space-saving design with VESA-mount-compatible chassis and an effectively slim 1.3cm bezel makes it ideal for public use or where space is a luxury.
