## ROG ZEPHYRUS M GM501 ELEVATED PERFORMANCE. UNCOMPROMISED MOBILITY.

Active Aerodynamic System with Anti-dust & Fan Overboost Technology

World's Slimmest Gaming Laptop with NVIDIA® GeForce® GTX 1070 Graphics Card

### G-SYNC™

144Hz, 3ms Response Time and G-SYNC Technology

Powered by Intel® Core™ i7 Processor.  
8th Gen Intel® Core™ Processors: Designed for What's Coming Next.

Intel, the Intel Logo, Intel Inside, Intel Core, and Core Inside are trademarks of Intel Corporation or its subsidiaries in the U.S. and/or other countries. Images shown are for illustration purposes only and may differ slightly from actual product.

### ELEVATE YOUR GAMING EXPERIENCE

The ROG Zephyrus M is the world's slimmest gaming laptop with desktop grade NVIDIA® GeForce® GTX 1070 graphics; powered by an Intel® Core™ i7-8750H processor with 16GB DDR4 RAM. To house your extensive game library, the ROG Zephyrus M also features cutting-edge storage, including a 256GB SSD and a 1TB FireCuda™ SATA HDD.

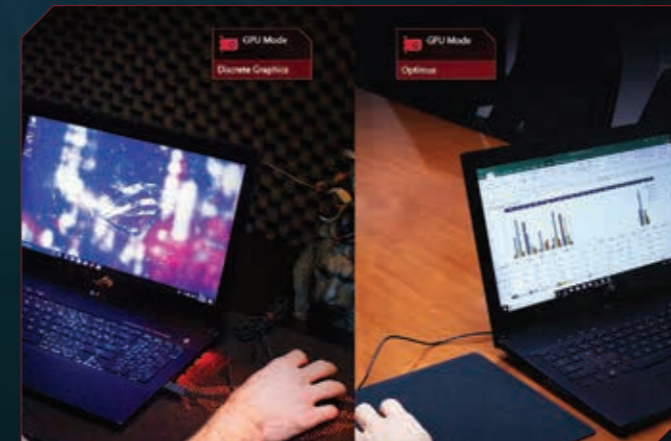

### ACTIVE AERODYNAMIC SYSTEM (AAS)

The cutting-edge AAS allows the ROG Zephyrus M to run cool and quiet without sacrificing performance. The AAS creates 20% more space for air circulation, increases system air flow by up to 32% and reduces internal temperatures by up to 20%. A four-quadrant anti-dust design prevents dust particles and dirt from entering the system when the lid is open; while the patented ADC system actively cleans itself by expelling dust particles and dirt through tunnels.

### SEAMLESS GAMEPLAY

The ultra-responsive IPS-level display boasts a 144Hz refresh rate, 3ms response time and NVIDIA® G-SYNC technology to provide super smooth and seamless visuals. The IPS-level panel has a wide 100% sRGB colour gamut that guarantees great contrast and colour reproduction for exceptional true-to-life visuals. It's time to play the latest AAA games at maxed-out settings without visual tearing, lag, ghosting or obvious stutter!

### ROG EXCLUSIVE SWITCHABLE GPU SOFTWARE

The ROG Zephyrus M offers switchable GPU mode that allows you to choose between the power-saving Optimus or the full-performance Discrete Graphics mode. Optimus mode turns off NVIDIA® G-SYNC thus enabling long battery life of up to 6 hours\*. G-SYNC mode unleashes the graphics prowess of the ROG Zephyrus M for the best gaming experience ever. These are easily accessible in just a few clicks on the ROG Gaming Centre dashboard.

Available at all ASUS Brand Stores and Authorised Retailers

# ROG STRIX "SCAR" GL503 / GL703

## ABSOLUTE PRECISION

### Designed for Top Shooters

Taking both its name and design inspiration from the assault rifle used by special forces, the Strix "SCAR" Edition is crafted in gunmetal grey and finished with a bullet-proof Kevlar lightweight design at 2.3cm and 2.5kg.

### Combat-Proven Computing Power

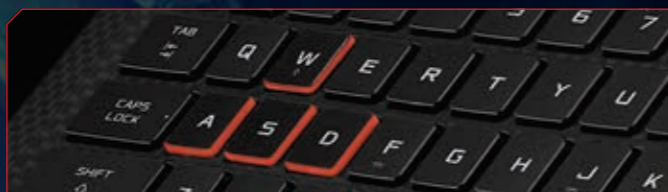

The Strix "SCAR" Edition is equipped with quad core 7th Gen Intel® Core™ processor, up to GTX 1070 graphics, a 256GB NVMe PCIe SSD and a 1TB HDD, guaranteed for superior gaming performance.

### Sharp and Accurate

The Strix "SCAR" Edition upgrades your vision with an IPS-level display with a 144Hz refresh rate to deliver smooth, accurate visuals, eliminating lag and motion blur.

### G-SYNC™

### Precise Keystrokes

The Strix "SCAR" Edition puts decisive control at your fingertips with its specially highlighted WASD keys, 4-zone RGB backlit keyboard and N-key rollover along with an ergonomic 0.25mm-deep keycap curve.

### Upgraded Audio Sensing

The Strix "SCAR" Edition's powerful dual-speaker sound system with Smart Amp Technology provides up to 2.5 to 3 times enhanced volume and bass quality respectively. The clearer audio allows every movement to sound real.

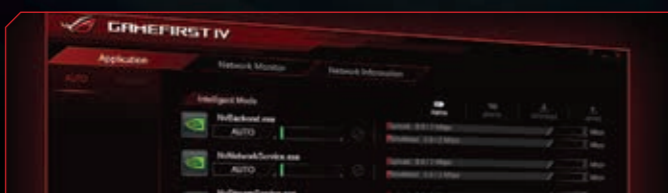

### Cool Under Fire

The Strix "SCAR" Edition has an intelligent thermal design that automatically adjusts the cooling system for optimised performance. The integrated 12V fan also has up to 42.5% higher air flow and up to 20% faster fan speed.

### Precise Connections

The Strix "SCAR" Edition comes with Intel® Thunderbolt™ 3, four USB 3.1 Gen 1 Type-A, HDMI 2.0 and Mini DisplayPort 1.2 ports, so connecting the latest, greatest gaming peripherals is a cinch.

### Armed with ROG GameFirst Technology

The ROG GameFirst technology prioritises network packets for increased bandwidth for online gaming and streaming. It allows you to increase your total bandwidth by combining up to four gateways to maximise throughput.

# ROG STRIX "HERO" GL503

## BORN FEARLESS

### Only for True Heroes

The unique styling, Mayan patterns inspired from dragon scales, serve as the battle cry to your MOBA foes. The Strix Hero Edition is crafted to project your might, measuring just 2.4cm thin and weighing a mere 2.5kg.

### Epic Computing Power

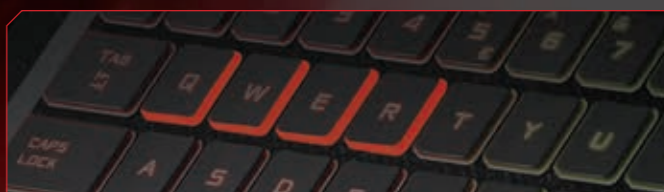

The Strix "HERO" Edition is equipped with quad core Intel® Core™ i7 processor, GTX 1060 graphics, a 128GB NVMe PCIe SSD and a 1TB HDD, ensuring for lightning-fast loading times and superior performance.

### 100% sRGB Colour Gamut

The Strix "HERO" Edition upgrades your senses with a 120Hz, wide-view anti-glare display. The IPS-level panel delivers 100% sRGB gamut, providing consistent light intensity, improved contrast, colour accuracy and fidelity.

### G-SYNC™

### Quicker, Cleaner Keystrokes

The Strix "HERO" Edition puts keeps your fingers fixed on the action, with its specially highlighted QWER keys, 4-zone RGB backlit keyboard and a 1.8mm keys travel distance.

### Thumping Loud Audio

The Strix "HERO" Edition's powerful dual-speaker sound system with Smart Amp Technology provides up to 2.5 to 3 times enhanced volume and bass quality respectively. The clearer audio allows every movement to sound real.

### Stay Cool in the Heat of Battle

The Strix "HERO" Edition features the anti-dust thermal tunnel design with a powerful 12V fan to force all dust and hair to go through the anti-dust tunnel. This keeps the thermal fin clean to provide stable thermal performance.

### Epic Connections

The Strix "HERO" Edition comes with USB 3.1 Gen 1 Type-C™, four USB 3.1 Gen 1 Type-A, HDMI 2.0 and Mini DisplayPort 1.2 ports, so connecting the latest, greatest gaming peripherals is a cinch.

### Equipped with ROG Gaming Centre

Keep all the controls in one place with a comprehensive dashboard showing real-time status of the CPU/GPU frequencies, voltages and temperatures - and use the control panel to make adjustments on the fly.

# ASUS Won 4,511 Awards in 2017

ASUS is dedicated to pursuing the highest level of innovation and quality in everything we do. We aspire to become one of the world's most admired leading enterprises in the new digital era. Our ongoing efforts continue to garner worldwide recognition in every aspect of product development, including design, innovation, technology, quality, service and energy-efficiency. In 2017, ASUS earned 4,511 awards from some of the most prestigious international organisations and media groups around the world. Each award is a testament to our relentless quest and commitment to creating technology that is designed for everyone to joy.

## World's Most Admired Companies

ASUS was named one of the World's Most Admired Companies by Fortune Magazine in 2015. The Fortune list is the definitive report card on corporate standing.

## CES Innovation

Seven ASUS products won CES Innovation awards across six categories in 2015. Each CES award recognises the highest standards in product design and engineering.

## Good Design

ASUS products won 13 Good Design awards in 2015. Each Good Design award recognises excellence in design and engineering.

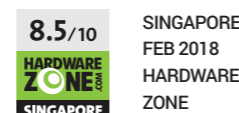

## iF Design

ASUS products won 10 iF Product Design awards in 2015. iF Design awards are recognised worldwide as a seal of quality, identifying products that excel in specific criteria, including design quality, degree of innovation, functionality, ergonomics and more.

## Red Dot

ASUS won nine Red Dot Awards in 2015. The Red Dot Awards event is one of the largest and most widely recognised professional design competitions for design concept and prototypes. ASUS has won more than 65 Red Dot awards since 2001.

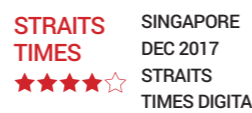

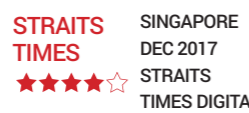

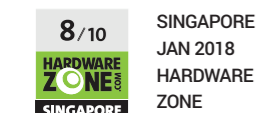

ROG Zephyrus GX501: Gaming laptops became even slimmer and quieter last year, thanks to NVIDIA's Max-Q initiative that sacrificed a degree of performance for lower operating temperatures.

30.6 percent of valid votes for ASUS ZenBook 13 UX331 of Best Ultrabook.

The ASUS ROG Zephyrus GX501 trumps the competition with its combination of strong performance and an attractive, lightweight chassis. It is equipped with class-leading hardware and ASUS has managed to cram an NVIDIA® GeForce® GTX 1080 Max-Q graphics, an Intel® Core™ i7-7700HQ processor, 24GB of RAM, and a 512GB PCIe SSD in a chassis that is just under 18mm thick.

The ZenBook Flip S UX370, a mere 10.9mm thick convertible notebook with a 13.3-inch screen. ASUS has since updated this world's thinnest convertible notebook to use Intel's latest 8th Gen Intel® Core™ i7 CPU.

The ASUS ZenBook 13 UX331UN is a great example of a well-designed and powerful notebook. It's slim, light, and packs a discrete NVIDIA® GeForce® MX150.

Both ROG Strix GL503 "Scar" and "Hero" Editions are well built, attractive and offers almost all the right features and traits you'd expect from a gaming-performance laptop.

The ASUS ROG Zephyrus GX501 is a lean, mean gaming machine. It weighs less than most gaming laptops and rocks an NVIDIA® GeForce® GTX 1080 graphics chip.

A good, above-average ultrabook priced reasonably for what it offers. The ZenBook 13's dedicated graphics chip is useful for casual gamers.

ASUS has nailed the design and portability for the ZenBook Flip S, minimising the downsides of the form factor.

The ROG Strix GL702ZC is a pretty well-built laptop. The speakers are excellent, and the display doesn't annoy you with poor viewing angles or washed out colors. The keyboard also feels good to type on, so the overall user experience is quite positive.

The ZenBook Pro is a capable, well-built 15-inch laptop for mobile professionals who need more graphics horsepower. But gamers can probably find more powerful and perhaps cheaper alternatives.

If what you want is a powerful laptop for work, the ZenBook Pro certainly deserves your consideration. And should you really want to play more far more demanding games on it, it'll also work with the ASUS ROG XG Station 2 external graphics dock.

2-in-1 laptops have been shedding weight ever since they first showed up - but the ZenBook Flip S might be the first to squeeze into a size zero.

The ASUS ROG Zephyrus GX501 appears to be the first 15-inch laptop with a GTX 1080, which is typically reserved for chunkier laptops with better cooling systems.

ASUS was not mucking around with this iteration of the ZenBook 3 Deluxe UX490, and has made it lighter, faster, slimmer and better in every way.

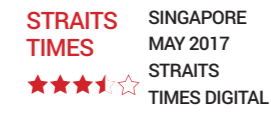

The ASUS ROG G701 is an amazing laptop with top-tiered gaming performance that is unbeatable by any other laptops to date.

The ASUS ZenBook 3 Deluxe stands out amongst its peers for its incredible compactness and seductive design.

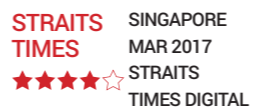

The ROG STRIX GL502VM 15.6-inch gaming notebook shootout: Hitting the sweet spot

The B9440 feels like a 13-inch model, despite having a 14-inch screen, because of the ultra-thin bezel.

The G701 is a marvel of engineering and a lot of fun to use. Benefiting from the GTX 1080 and an insane amount of RAM, this portable PC will keep you gaming well into 2020. Not the cheapest laptop around, but just an all round amazing machine.

The ASUS VivoPC X M80 strikes a fine balance between performance and price.

The ASUS ROG Strix GL502VM sits in something of a sweet spot. It is equipped with a GeForce GTX 1060, costing far less than the GeForce GTX 1070 notebooks, and yet still serves up a level of performance.

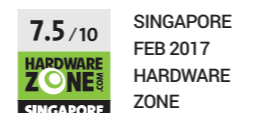

A new category we created two years back to reflect this form factor trend, this award has been won by ASUS on both occasions. Well, you can call it a three-peat now, as ASUS is the winner yet again, this time with 33% of the votes.

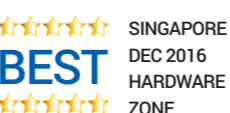

But our pick, as well as that of our readers, was the stylish ASUS ZenBook 3. While it may seem to be inspired by the Apple MacBook, the ZenBook 3 comes in a classy shade of blue. It is extremely well-built with premium materials. Its battery life was relatively good too.

The ASUS Transformer 3 Pro is probably the most polished Surface Pro 4 clone in the market today, and that should be taken as high praise.

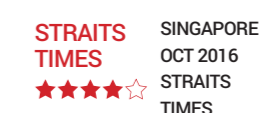

The ASUS Transformer 3 Pro has a wonderfully sharp screen, a great pen, and an excellent keyboard cover. It is also super slim and light, making it easy to carry around.

The ZenBook 3 is a powerful and sleek looking notebook for those who prize portability above all else.

Ultimately, you're going to have to get your priorities straight when deciding whether or not to get the ZenBook 3. Is sheer portability and looks everything to you? Then the ZenBook 3 is probably a good fit. But if you prefer function over form, you'll be just as happy with a cheaper notebook from a different brand. That being said, this is the first Kaby Lake notebook to be available locally, so if you're looking to jump onboard with Intel's seventh-generation processors, this is still your only option for now. And if you're upgrading from a three-year-old laptop, the ZenBook 3 will net you a decent performance boost and battery life improvements.

The ASUS ROG Strix GL502 hits the sweet spot for a 15-inch gaming laptop. At \$2,698, it is competitively priced for a gaming notebook equipped with NVIDIA's latest Series-10 graphics card. This graphics card is significantly faster than the previous generation. Powering the Strix is the NVIDIA GeForce GTX 1070 graphics card, which is more than capable of supporting a virtual reality headset. It also blew past our gaming benchmarks, scoring over 100 frames per second in Doom at the maximum graphics setting. Overall, the ASUS ROG Strix GL502 provides excellent performance for its price.

The version of the ROG Strix GL502 with the GeForce GTX 1070 retails for \$2,698, while the GeForce GTX 1060-equipped model is slightly cheaper at \$2,498. As far as high-end gaming notebooks go, these lean toward the more affordable end of the price scale, and ASUS is bundling them with freebies like a backpack, a pair of ROG circumaural stereo headphones, and the 5,000DPI ROG Sica optical gaming mouse.

ASUS PCs are Powered by Intel® Core™ Processors. Intel Inside®. Extraordinary Performance Outside.

### Performance for Photo & Video-Editing Applications with GeForce® MX150

GEEK FACT

Get up to 4X FASTER and smoother performance over integrated graphics for photo and video-editing application with GeForce® MX150.\* (Applies to ZenBook 14 UX430UN, ZenBook 13 UX331UN, VivoBook S14 S410 and S15 S510 models.)

ZenBook UX410  
The Only Zenbook with Dual Storage

Zenbook UX430  
Lightweight 14-inch ZenBook at 1.25kg with MX150 Graphics Card

# Hi, I'm a ZenBook

## ASUS ZenBook Flip

# Creative

10.9mm  
Ultra-thin  
1.1 kg  
Ultra-light

### Ultra-thin. Ultra-light.

A timelessly elegant masterpiece, exquisitely crafted from premium, aerospace-grade aluminum, that is lighter than standard alloy but 50% stronger. It is forged from a single block of metal that is carefully honed until it's a mere 10.9mm thin and weighs just 1.1kg light.

360°  
ErgoLift Hinge

Over  
20,000  
Cycles Hinge Test

### Engineered for the Best, Tested to Last.

Featuring a precision-engineered and highly-durable multi-gear metal mechanism tested over 20,000 open/close cycles, the 360° ErgoLift hinge has a silky-smooth, stepless action which holds the display securely at any angle. The dual-action mechanism lifts and tilts the keyboard into the perfect typing position when the display is opened beyond 135°.

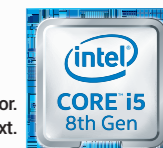

1024  
Pressure Levels

10-300g  
Pen-Tip Force

### Pen down with Windows Ink.

It has full support for the bundled ASUS Pen and Windows Ink, that allows you to accurately draw, write or annotate in any supported app. Giving you the ability to create sticky notes, capture ideas and details — as they happen.

# ROG ACCIDENTAL DAMAGE PROTECTION PLAN

Priority service and support from the people who know your ROG products.

When you purchase ROG laptops, you will enjoy an exclusive and personalised after-sales service and support from our ROG Experts. Valid only within the first year of product ownership starting from your purchase date. There is a maximum limit of only one (1) claim per registered serial number during the first year of product ownership, subject to verification by ASUS.

Speak to our ASUS Specialists at the ASUS Brand Stores or authorised retailers near you for more information. Contact **+65 6588 1723** or log on to <https://www.asus.com/sg/campaign/rogprotection> for more enquiries regarding your ROG laptops or desktops\*.

**Exclusive Accidental Damage Protection (ADP) plan\*\* for ROG laptops**

**1st Priority queue for qualified ROG laptops and desktops\* at ASUS Singapore Service Centre at Tai Seng**

**Dedicated hotline for qualified ROG laptops and desktops\***

### Frequently Asked Questions (FAQs)

#### What is ROG Accidental Damage Protection (ADP)?

It is a fact – accidents happen to all of us. Our ADP plan was created to protect you against damages from accidents such as liquid spills, electrical surges and drops. Only applicable to selected ROG laptops (subject to verification by ASUS), and valid only within the first year of product ownership starting from your purchase date.

#### What kind of accidental damages are NOT covered?

The ROG ADP does NOT apply to the following: scratches and dents, incorrect or inadequate customer installation, lost or stolen products, intentional damage, recovery or transfer of stored data to the product, requests for miscellaneous cables or accessories and damages caused by natural disasters.

#### What is the list of products that are eligible for ROG ADP plan?

This protection plan applies only to selected ROG laptops from ASUS Brand Stores and

authorised retailers. Products must be purchased in BRAND NEW factory sealed condition. Refurbished or open box devices, units sold and purchased outside of Singapore and purchases from non-authorised Singapore retailers are not entitled for this program.

#### How many claims can I file for accidental damage?

There is a maximum limit of only one (1) claim per registered serial number during the first year of product ownership, starting from your purchase date. Serial number validation is performed by ASUS Service Centre or Call Centre.

#### How do I request for a RMA or On-Site Service for my ROG product?

You can call the ROG Service Hotline at **+65 6588 1723** to request for a pick-up of your ROG laptop or on-site service of your ROG desktop (on-site service is not applicable to ROG laptops).

**ROG DEDICATED HOTLINE: +65 6588 1723**

- RAM** 6GB RAM & 64GB Storage
- Q** Dual Rear Cameras
- 64bit** 64-bit Octa-Core Processor
- Lightning** Support Fast Charging - 50% in 36min\*
- ZenUI** Brand-new ASUS ZenUI™

### ASUS ZenFone 4 ZE554KL

- ZE554KL**
- Qualcomm® Snapdragon™ 660 Processor 2.2GHz (Octa Core, 64-bit)
  - Android 7.1 Nougat
  - 5.5" LED-backlit Full HD 1,920 x 1,080 Display
  - 6GB RAM & 64GB Storage
  - 802.11ac + Bluetooth 5.0
  - 12MP + 8MP Wide Angle (Rear) + 8MP (Front)
  - Expandable with MicroSD Slot (Up to 2TB)
  - 1 YEAR LOCAL WARRANTY

**BUNDLED** Earpiece + Bumper + Type-C USB Cable + Charger

**\$698** (GST Incl)

- HD** 5.5" HD Display (ZC554KL only)
- RAM** 3GB RAM & 32GB Storage
- 64bit** 64-bit Octa-Core Processor (ZC554KL only)
- Micro SD** Triple-Slot Tray for Installation of SIM Cards and Micro SD
- Battery** High Capacity Battery
- ZenUI** Brand-new ASUS ZenUI™

### ADAPTERS & DOCKS

#### U90W Universal Adapter

Plug and charge at any power point with travel-friendly dimensions

Dimension: 88 x 88 x 31mm  
Weight: 180g

**\$89** (GST Incl)

#### ASUS Mini Dock

Plug and connect any device with travel-friendly dimensions

Only compatible with ZenBook 3 Series, ZenBook Flip S UX370, Transformer 3 Pro T303, Transformer Pro T304 & ASUSPRO B9440

Dimension: 135 x 59 x 48 mm  
Weight: 480g

**\$129** (GST Incl)

#### Universal Dock

Plug and charge at any power point with travel-friendly dimensions.

Only compatible with ZenBook 3 Series, ZenBook Flip S UX370, Transformer 3 Pro T303 & Transformer Pro T304

Dimension: 131 x 65 x 13.7 mm  
Weight: 117.5g

**\$199** (GST Incl)

#### SimPro Dock

Plug and connect any device with travel-friendly dimensions

Only compatible with ASUSPRO B9440 & P4540

Dimension: 128 x 88 x 38mm  
Weight: 690g

**\$269** (GST Incl)

#### HZ-3A Dock

Plug and connect any device with travel-friendly dimensions.

Dimension: 335 x 65.65 x 24mm  
Weight: 290g

**\$269** (GST Incl)

### BAGS (15-INCH & ABOVE)

#### ARGO Backpack

Pack personal space to go

Dimension: 465 x 320 x 140 mm  
385 x 255 x 35.7 mm (Laptop Compartment)  
Weight: 490g

**\$39** (GST Incl)

### ROG GAMING SERIES

#### ROG GX950 Mouse

Gold-plated USB connector with high speed data transfer rates

Resolution: Up to 8200 dpi (Range: 200~8200dpi)  
Cable Length: 1.80m  
Weight: 150g  
Warranty: 3 Years

**\$79** (GST Incl)

#### SHUTTLE Backpack

For gamers on-the-go

Dimension: 356 x 228.6 x 523.9 mm  
288 x 38 x 427 mm (Laptop compartment)  
Weight: 945g

**\$99** (GST Incl)

#### NOMAD Backpack

Built for gamers

Dimension: 350 x 185 x 51 mm  
320 x 50 x 420 mm (Laptop compartment)  
Weight: 1.6kg

**\$189** (GST Incl)

### DETACHABLE KEYBOARD

#### ASUS Detachable Keyboard

Detachable keyboard with travel-friendly dimension

Only compatible with Transformer 3 Pro T303

Dimension: 299.14 x 221.69 x 5mm  
(Spine is 5.5mm)  
Colours Available: ● ● ● ●

**\$169** (GST Incl)

### STYLUS

#### ASUS Pen

Putting Creativity & Productivity in Your Hands

Only compatible with Transformer 3 Pro T303, VivoBook Flip TP410, VivoBook Flip TP401, VivoBook Flip TP203, ZenBook Pro UX550 & ZenBook Flip S UX370

Dimension: 144 x 9.5 mm  
Weight: 22g

**\$69** (GST Incl)
