# WHY ASUS BUSINESS

## Reliable and secure solutions you can trust

We are committed to providing reliable solutions that meet the unique needs of businesses of all sizes. With decades of innovation experience, we understand businesses today need incredible partners they can trust to achieve their goals, stay ahead of the competition, and thrive in an ever-changing business environment.

### Always-on reliability

We are committed to delivering reliable devices and services you can trust. With 5,000+ world-class, in-house engineers, we leverage our industry-leading expertise to build rock-solid products, from operations to product design. We hold hundreds of world records and have been honored with tens of thousands of awards, so you can always depend on ASUS for excellence.

### Agile solutions

We offer a wide range of agile solutions that are deeply rooted in industry and customer insights, flexibly designed with your growth vision in mind. From motherboards, PCs and peripherals to servers, software and integration with every cloud, we design solutions that fit your needs today — and tomorrow.

### All-around partnership

We deliver comprehensive services and support across the device lifecycle. Whether it's a dedicated account team, a door-to-door delivery and return service or continuous feedback-tracking to understand and reflect your needs for future products and services, we partner with you every step of the way so you receive maximum value from your investment.

### Accountable sustainability for the future

Our dedication to accountable sustainability is unwavering. We're on a mission to reduce carbon emissions, uplift communities and adhere to the highest ethical business standards. What sets us apart is our holistic approach, empowering organizations of all sizes to realize sustainability goals with genuine, measurable impacts on both people and the planet.

# We provide holistic technology solutions

ASUS Business offers comprehensive solutions for diverse industries, with a wide range of evolving products, easy-to-use software to streamline business operations, and excellent support. We're committed to helping business customers achieve their vision.

# ASUS EXPERTGUARDIAN

## Enterprise-grade security

Modern IT threats target businesses from various angles, making comprehensive security essential. ASUS ExpertGuardian provides enterprise-grade protection across hardware, firmware and software, ensuring end-to-end security – from the BIOS to AI-powered web protection and real-time antivirus defense. Engineered with a commercial-grade, NIST SP 800-155-compliant BIOS, ExpertGuardian offers robust security alongside five years of ASUS BIOS and driver update support. Integrated biometric login with FIDO authentication further safeguards critical data. Additionally, ASUS business laptops empower IT managers with endpoint management, ensuring seamless control over company assets and securing all digital data.

## Multifactor authentication with robust security

### IT Management

Allows IT staff to remotely control and manage business assets, making sure all digital data is safe and sound.

### OS/Software Features & Applications

Prevents malicious attackers from accessing encryption keys or sensitive data with multifactor identity authentication.

### Firmware/BIOS Features

Protection prevents unauthorized manipulation of hardware resources.

## Hardware-access protection

### NIST guideline compliant

Meets NIST security standards for high protection.

### BIOS self-recovery

Automatically fixes BIOS issues if they occur.

### Rollback prevention

Stops the system from reverting to an unsafe older version.

### Tamper detection

Prevents unauthorized BIOS changes. Suspect firmware events are logged in the System Log Page, and a warning prevents OS access on startup.

### USB access lock

Blocks unauthorized USB devices.

### Security updates

Provides security updates for up to 5 years to keep the system secure.

## On-device security

### Windows 11 security level 2

This security level is ideal for environments handling sensitive data, such as finance, healthcare and government, ensuring comprehensive protection against modern threats. In addition, account protection is enhanced with multiple layers of verification.

### dTPM

Discrete Trusted Platform Module(dTPM) is designed to be compliant with TCG standards, ensuring it meets rigorous security requirements for trusted computing environment

### Trusted computing group (TCG) compliant

TCG guidelines protect the OS from unauthorized changes, ensuring only trusted software runs for security and reliability.

## Security solutions

### ASUS cloud recovery

ASUS Cloud Recovery simplifies the process of restoring your computer's operating system, requiring just a few easy steps. It automatically installs the latest versions of drivers and software without manual installation.

### Anti-virus software

Protects the computer from malware and other malicious software. ExpertBook B-series and P- series devices come with McAfee+ Premium, including AI Deepfake detection<sup>1</sup>, email detection, McAfee antivirus, VPN, Scam Protection and Identity Monitoring – offering comprehensive online protection.

1. McAfee AI Deepfake Detector works for English language - at launch in US, UK, Australia, Ireland, New Zealand, India and Taiwan. Available on selected models/ SKUs.

## Windows 11 secured-core PC

### Provide an “on-by-default” security experience for businesses and user.

Secured-core PCs provide protections against sophisticated attacks and provide increased assurance when handling mission-critical data in some of the most data-sensitive industries, such as healthcare workers that handle medical records and other personally identifiable information (PII), as well as commercial roles that handle high business impact and highly sensitive data, such as a financial controller with earnings data.

### PC identity protection

- Provide advanced identity verification and protection

### OS malware defense

- Protect the OS from execution of unverified code

### Hardware and firmware security

- Secure Boot
- Trusted Platform Module 2.0 (TPM)
- Direct Memory Access Protection (DMA)
- Defend against firmware level attacks
- Dynamic Root of Trust for Measurement (DRTM) protection
- Virtualization-based Security

# HIGHEST MILITARY-GRADE DURABILITY

Commercial products are remarkably robust with highest military-grade durability standards in the business-laptop marketplace. It endures multiple individual tests that adhere to the exacting US military-grade MIL-STD-810H standard.

## Temperature Shock Test

Endure a sharp change of temperature from -51°C to 71°C three cycles for an hour.

## Shock Test

Withstand 18 harsh shocks at the speed of 40G/11ms with power on.

## Vibration Test

Withstand 5-500Hz physical vibrations for 60 min.

## Sand & Dust Test

Resist ingress of particles with 1.2g/m3 density.

## Altitude Test

Handle extreme 15,000-ft heights, with power on.

## High Temperature Test

Endure 32°C~49°C for 3 x 24 hr. Cycles with power on.

## Low Temperature Test

Endure -37°C~ -46°C for 3 x 24 hr. cycles with power on.

## Explosive Atmosphere Test

Tested in a fuel-vapor environment with power on.

## Fungus Test

28 days exposure to common fungi.

## Shipboard Vibration Test

4-33Hz for 2 hours to mimic shipboard transit.

## Freeze/Thaw Test

Withstand rapid 30°C to -10°C temperature change at 95% relative humidity.

## Solar Radiation Test

Endure three 24-hour cycles of simulated radiation.

## Humidity Test

Tolerate 95% relative humidity at temperatures of 30°C and 60°C.

# ROBUST ASUS SUPERIOR DURABILITY TEST

ASUS ensures that every component of commercial products delivers long and reliable service, no matter how tough the going gets.

## Hinge Test (Clamshell)

Up to 50,000 open/close cycles, replicating usage of 12 times per day for over 11 years.

## Hinge Test (Flip)

Simulates entering and exiting flip mode 10,000 times, or 4 times per day for over 7 years.

## Drop Test

Survives a single up to 120 cm<sup>1</sup> accidental drop on its base, onto a concrete floor.

## Rump Pressure Test

Both the lid and bottom side can withstand a 50 kg<sup>2</sup> squashing force.

## Keyboard Durability Test

Up to a 10,000,000 keystroke lifespan, simulating continuous typing for 4 hours per day for 6 years.

## Keyboard Durability Test

Up to a 10,000,000 keystroke lifespan, simulating continuous typing for 4 hours per day for 6 years.

## Keyboard Spill-resistant Test

Withstands water spills of up to 405 cc<sup>4</sup>.

## Port Durability Test

Mimics a users connecting a USB Type-A device 5,000 times, or 3 times a day for over 4.5 years.

## Twist Test

50,000 chassis twist tests to simulate normal handling and carrying with one hand 30 times per day for 4.5 years.

# UPGRADE TO PREMIUM SERVICE

Up to 5-year international warranty available\*

100% FREE Labor & Spare Parts Warranty Service  
International Warranty in 82 Countries \*

## ASUS Business Support for Commercial PCs

We offer all-around support for businesses of all sizes, providing dedicated assistance from the very beginning and proactively addressing your needs every step of the way. From hardware support to ASUS-designed deployment and IT-management software, we're here to support you from first enquiry to purchase and beyond. With our flexibility and instant support, you can focus on upgrading your business to incredible heights.

### More than just support

Our ASUS Business Support Plus goes beyond traditional support, offering image customization software and centralized IT management tools to help IT teams tackle complicated PCs deployment, maintenance, and management tasks with ease.

### Tailor-made to your IT needs

Whether you're a small or medium firm or a large enterprise, you can find the right ASUS Business Support package for your business. We also offer the flexibility to choose the individual services you need.

### Minimize downtime

Our instant remote response and on-site support are designed to ensure minimal downtime for your business.

### Warranty Extension

We offer up to five years' warranty extension for commercial laptops, desktops and all-in-one PCs, so you can enjoy continuous hardware support from us.

### Local Accidental Damage Protection

Provides repair or replacement coverage for free or partial cost for drops, falls, liquid damage, electrical surges, and accidental breakage outside of normal use, once per year<sup>1</sup>. This coverage goes beyond our standard warranty protection, giving you added peace of mind.

### Next Business Day Local On-site Service

Professional technicians repair devices at your business location with labor and parts prioritization to minimize disruption.

### VIP Hotline

Enjoy privileged contact via a dedicated support line, or priority access when you need any support from us.

### Repair Reports

For a better management and tracking, we provide a report to you after every repair.

### ASUS System Diagnostics

A versatile utility that identifies hardware issues and works even in the absence of Windows or a functioning system drive. It also delivers streamlined support through generated QR codes, optimizing the efficiency of RMA and service workflows — making it highly desirable for diverse business scenarios.

### HDD/SSD Retention

To secure business confidential and sensitive data, our service allows you to keep defective HDDs or SSDs that have been replaced by ASUS-authorized technicians.

### Battery Service Package

You can extend the period of coverage beyond the standard battery warranty. With our Battery Service Package, if your laptop battery is found to be defective, a replacement battery will be provided — even once every year, if needed.

### International Warranty

Remote working is the new normal. Our global support network ensures worry-free laptop<sup>2</sup> operation and productivity for your employees, whether they're simply working at home for the day or traveling the world on business.<sup>3</sup>

### Service Account Manager

Our professional and responsive technicians dedicated to your needs — so our service always comes with that personal touch.

### ASUS Image Maker (IM)

A highly-demanded, comprehensive cloud service for the customization of Windows images that empowers increased system-deployment productivity and efficiency for enterprise IT professionals, all via an intuitive and user-friendly interface.

### ASUS Control Center (ACC)

A centralized IT-management suite that offers IT staff a visible, controllable and manageable hardware and software inventory — with zero touch.

# SUSTAINING AN INCREDIBLE FUTURE

RE100

CLIMATE  
GROUP

We always search for the incredible. Our commitment to environmental, social, and governance is to empower you and everyone else we work with to push forward for a more sustainable future. Let's make it sustainable — together.

Our 2025 sustainability goals:

- 100% renewable energy usage in Taiwan-based operations centers by 2030, and in global operations centers by 2035
- 50% carbon emissions reduction from global operations centers by 2030
- 30% above Energy Star standard efficiency from key products
- 30% reduction in carbon intensity rates from key suppliers

## NET-ZERO

We collaborate with stakeholders to create a cleaner environment and mitigate the impact of climate change by increasing our energy efficiency, utilizing renewable energy, and fostering innovation.

## RESPONSIBLE

We work together with our partners to ensure environmental, labor, and human rights responsibility in our supply chain, protecting the rights of everyone our business touches.

## CIRCULAR

We leverage Design Thinking and technological innovation to develop eco-friendly products, making our business model more environmentally-friendly to minimize our impact on the planet.

## SHARED

We explore innovations in digital inclusion, cross-sector collaborations, and sustainable business models that can create shared value for all.

## A circular approach to sustainability

# CUSTOMER STORIES

The UK | ExpertBook B3 Detachable, ExpertBook B5 Series, ExpertBook B9 OLED

## Watford Football Club

Watford FC, founded in 1881 and competing in the EFL Championship, manages complex year-round operations. Committed to leveraging technology for efficiency, they've partnered with ASUS for advanced IT solutions. The ASUS ExpertBook B9 OLED, with up to 13th Gen Intel® Core™ processors and vPro support, offers secure and reliable remote-management capabilities. Both ExpertBook B5 and B9 models meet U.S. military-grade standards for durability and protection. This collaboration between ASUS and Watford FC demonstrates the transformative impact of innovative IT solutions in the sports industry, enhancing various aspects of club management.

Thailand | ExpertBook B1

## JSSR Auction Co., Ltd.

JSSR Auction Co., Ltd. recognizes the importance of cutting-edge technology in its operations and has chosen ASUS as its technology partner. ASUS ExpertBooks, featuring state-of-the-art processors and WiFi 6, boost efficiency and mobility. Known for their reliability and performance, ASUS products are complemented by extensive warranty options, including on-site services. This partnership enables JSSR Auction Co., Ltd. to streamline its daily tasks, minimize downtime, and maintain its competitive position. By leveraging ASUS's advanced technology and comprehensive support, JSSR Auction Co., Ltd. is well-equipped to thrive in today's dynamic business environment.

France | ExpertBook B1, ExpertBook B5

## Groupe CB

Groupe CB, a family-owned enterprise since 1896, leads in aggregate quarries and refractory materials. Needing to modernize their infrastructure, they chose ASUS for computing solutions balancing performance and sustainability. ASUS supplied ExpertBook B1 and B5 laptops and ExpertCenter D7 desktops, praised for durability and consistent performance. Staff appreciated the laptops' lightweight design and portability. ASUS's responsive support ensured a smooth transition, validating Groupe CB's choice and reinforcing their industry position. This partnership demonstrates how innovative technology can support traditional industries in their modernization efforts.

Netherlands | ASUS Chromebook CX34 Flip

## Lister

Lister, a 40-year-old mental healthcare institution in Utrecht, serves 1,900 clients with 900 staff members, focusing on recovery-oriented care. They chose ASUS Chromebook CX34 to meet their unique needs. Equipped with up to 12th Gen Intel® Core™ i7 processors and 10-hour battery life, these devices help staff assist clients with essential tasks. The CX34 Flip model's durability, adhering to US MIL-STD 810H standards, suits diverse care settings. This technology integration has streamlined Lister's IT infrastructure, enhancing security and staff efficiency. The Chromebook's portability, security features, and robust construction have significantly improved Lister's daily operations and client care.

# ASUS ExpertBook P Series

## Reimagine Work with AI

ASUS ExpertBook P series is designed for reimagining work with AI and sets a new standard in professional computing tailored for today's ambitious entrepreneurs, prosumers and home-office workers. This series combines flexibility, performance and security to meet the evolving demands of modern professionals. ExpertBook P series elevates business productivity with advanced AI integration, featuring uncompromised security at every level to ensure end-to-end protection.

## ASUS ExpertBook P5 (P5405)

### Work reimagined, with AI

Say hello to ASUS ExpertBook P5 – a revolutionary leap in AI PC for work. Designed to elevate productivity for mobile professionals and home offices, ExpertBook P5 harnesses the power of Intel® Core™ Ultra processors (Series 2)<sup>1</sup>. This AI powerhouse empowers you with our brand-new, exclusive meeting assistant ASUS AI ExpertMeet, streamline workflows and enhance collaboration. With a light yet durable aluminum chassis, stunning 14" 2.5K 144 Hz display, and business-grade security and service, the ExpertBook P5 provides peak performance and seamless work experiences, anywhere.

### Your dependable everyday ally

Ruggedized  
design

MIL-STD-810H  
military-grade  
durability<sup>1</sup>

Technician-friendly  
modular design

Expandable  
storage

- Up to 10 hours battery life<sup>2</sup>
- Up to 1TB PCIe® 3.0 SSD<sup>3</sup> with quick upgrade RAM door
- Anti-glare FHD display with TÜV Rheinland-certified
- ASUS Antimicrobial Guard protection
- US MIL-STD 810H military-grade durability<sup>1</sup>
- Technician-friendly modular design

1. The testing regime includes the requirements of both military-grade standards and ASUS quality tests, and varies depending on device. MIL-STD-810 testing is conducted on selected ASUS products only. Note that the MIL-STD-810 testing helps to ensure the quality of ASUS products but does not indicate a particular fitness for military use. The test is performed under laboratory conditions. Any damage caused by attempts to replicate these test conditions would be considered accidental, and would not be covered by the standard ASUS warranty. Additional coverage is available with ASUS Premium Care.  
2. Battery tests conducted by ASUS on March 20, 2023 based on Mobile Mark 2018. Test configuration: Intel® Processor N200, 256GB UFS 2.1, 8GB DDR4 SO-DIMM, FHD value IPS display. Test settings: WiFi enabled, WiFi LED indicator off. Actual battery life may vary depending on product configuration, usage, operational conditions and power management settings. Battery life will decrease over the lifetime of the battery.  
3. BR1402 series offers up to 512GB M.2 PCIe SSD storage. 1TB SSD is only available as a user-upgraded configuration.

- Modular design for easy maintenance
- Comprehensive connectivity
- Scratch-resistant Corning® Gorilla® Glass
- Optional touchscreen with stylus
- Sustainable across the product lifecycle

reddot winner 2024

1. The testing regime includes the requirements of both military-grade standards and ASUS quality tests, and varies depending on device. MIL-STD-810H testing is conducted on selected ASUS products only. Note that the MIL-STD-810H testing helps to ensure the quality of ASUS products but does not indicate a particular fitness for military use. The test is performed under laboratory conditions. Any damage caused by attempts to replicate these test conditions would be considered accidental, and would not be covered by the standard ASUS warranty. Additional coverage is available with ASUS Premium Care.

2. ASUS BR1204C keyboard is spill-resistant, not waterproof. Water damage is possible if the product is submerged or exposed to large amounts of water for long periods of time. ASUS standard limited warranty does not cover problems resulting from accidents such as water damage. To prevent water damage resulting from large spills or other accidents, ASUS recommends turning off the notebook, then tilting the laptop to drain away the excess water, wipe off and let it dry for at least 24 hours.

3. The antibacterial treatment is tested by an independent third-party laboratory according to the ISO 22196 standard (measurement of antibacterial activity on plastics and other non-porous surfaces), using bacterial cultures that include Escherichia coli and Staphylococcus aureus, with an antibacterial activity (R) result of R > 2. R = 2 indicates a 99% reduction in bacterial activity compared to an untreated surface.

Additional coverage is available with ASUS Premium Care.

ASUS Chromebook CZ12 (CZ1204C)

The rugged, student-centric study mate

All-round rubber bumper

180° lay-flat design

Comfortable 12-inch display

Modular easy-maintenance design

- Powered by MediaTek Kompanio 520 processor
- 12.2-inch Corning® Gorilla® Glass<sup>12</sup> touchscreen protects against scratches and chips, plus rubber bumper for all-around protection
- Up to 8 GB RAM, 128 GB eMMC, WiFi 6 and 4G LTE<sup>1</sup> for fast connectivity
- MIL-STD 810H US military-grade durability for everyday strength
- 180° lay-flat hinge provides flexibility and enriched educational experiences
- Easy-to-service modular design for easy maintenance and full I/O ports for convenient learning experiences

1. Corning® Gorilla® Glass touch panel and 4G LTE are optional.  
2. Corning® Gorilla® Glass only applies to touchscreen SKU.

ASUS Chromebook CR11 (CR1104CTA)

Learning without limits

All-round rubber bumper

180° lay-flat design

ASUS Antimicrobial Guard

Modular easy-maintenance design

- Up to Intel® Processor N250
- Up to 16 GB RAM, 128 GB eMMC, WiFi 6E<sup>1</sup> and 4G LTE<sup>2</sup> for fast connectivity
- 11.6-inch Corning® Gorilla® Glass<sup>3</sup> touchscreen protects against scratches and chips, plus rubber bumper for all-around protection
- MIL-STD 810H US military-grade<sup>4</sup> durability for everyday strength
- Up to 1080p FHD front-facing webcam provides students with clearer image quality
- Easy-to-service modular design for easy maintenance and minimized downtime

1. WiFi 6E network card is available on selected models. The connectivity of WiFi 6E band may vary according to the regulation and certification of each country/region.  
2. 4G LTE is optional.  
3. Corning® Gorilla® Glass only applies to touchscreen SKU.  
4. The testing regime includes the requirements of both military-grade standards and ASUS quality tests, and varies depending on device. ASUS accessories ensure you stay productive, providing your PC or mobile devices with durable and high-quality products, including docking, mouse, keyboard, adaptors, and headsets.

## ASUS SimPro Dock 2 Your one-stop connection station

ASUS SimPro Dock 2 is a sleek, compact one-stop dock that streamlines laptop connectivity. Attach your laptop via a single cable and it's powered, connected to your network and peripherals, and is primed for multitasking across up to four monitors<sup>1</sup> — including an up to 8K display<sup>2</sup>. It also has an integrated smart card reader for a diverse array of business. Simply, SimPro Dock 2 keeps your desk neat, tidy and organized while setting you up for work in the blink of an eye.<sup>3,4</sup>

A full set of  
IO ports

Up to four displays  
connection

Smart card  
reader

Fast charging  
support

- Light weight from 650g
- 9.9 (W) x 16.15 (D) x 4.06 (H) cm
- Connect up to four displays<sup>1</sup> at once
- User authentication and security for a diverse array of business applications
- Supports up to 6A of power throughput for rapid charging

1. ASUS SimPro Dock 2 display support varies by the processor and graphics capabilities of the connected laptop. Please check specifications for full details.  
2. ASUS SimPro Dock 2 supports up to one 8K display for a laptop which supports DSC (Display Stream Compression).  
3. ASUS SimPro Dock 2 is compatible with certain ASUS laptops as well as non-ASUS laptops. SimPro Dock 2 works with laptops that support the industry-standard USB-C™ Alternate Mode or Thunderbolt™ protocols via the type-C™ port.  
4. SimPro Dock 2 supports additional features, such as MAC address passthrough, WOL, multiple display support and mirrored power button, on many ASUS laptops and displays. Some features may not be available on certain ASUS laptops, ASUS Chromebook, or non-ASUS laptops.

### ProArt Mouse MD300

ASUS ProArt Mouse MD300 is the first mouse that works with ASUS Dial, allowing creators to make quick and precise settings adjustments. This premium mouse also features a side scroll wheel and three buttons with professional-grade switches that provide tactile mouse clicks. ProArt Mouse MD300 has a high-performance sensor that tracks at up to 4200 dpi for unmatched precision, even when used on a glass surface.

### ASUS SmartO Mouse MD200

ASUS SmartO Mouse is tailor-made to help you work faster, better and smarter. It has been meticulously crafted for a luxurious, low-profile aesthetic with superior ergonomics to provide comfortable, effortless all-day use. With a unique elastic carrying loop and a high-performance sensor that gives it the ability to work on almost any surface, including glass, ASUS SmartO Mouse perfectly combines flexibility, style and functionality. It is your perfect executive partner.

### ASUS W5000 Wireless Keyboard & Mouse Set

ASUS W5000 is a wireless keyboard and mouse set designed to free you from being tethered to your PC or laptop. The low-profile keyboard measures an ultrathin 11mm and features chiclet keys with durable, high-quality rubber dome switches for silent, responsive keystrokes.

### ASUS Wireless Keyboard & Mouse Set CW100

The ASUS Wireless Keyboard and Mouse Set CW100 gives you unmatched convenience and reliable performance, connecting to your PC or laptop via a single 2.4 GHz nano-transceiver with a range of up to 10 meters. Built-in powersaving technology helps prolong battery life by going into sleep mode when not in use.

### ASUS Ultra Mini Universal Adapter

Engineered for easy travel, ASUS 65W USB-C Ultra Mini Universal Adapter features a compact design, high compatibility and changeable plugs, allowing on-the-go pros to charge quickly and easily. With fast-charge support for seamless productivity and integrated overheat and overpower protection, it's the small, smart and lightweight charger that packs a whole lot of power — perfect for your worldwide travels.

### ASUS Pen 2.0 SA203H

ASUS Pen 2.0 is the perfect match for your compatible ASUS touchscreen devices, giving you the ability to write, draw or add markup in any supported app. Built-in Microsoft Pen Protocol (MPP) 2.0 technology offers ultra-low latency and fast response, allowing ASUS Pen 2.0 to accurately and effortlessly reproduce the finest lines and broadest brush strokes. A 4096-level pressure sensitivity and 5-350 gram pen tip force enables you to create detailed notes or drawings that accurately capture your thoughts.

### ASUS Garaged Stylus SA304H

ASUS's SA304H stylus boasts a two-way push-pop design, ensuring convenience and ease of use. With 4096-level pressure sensitivity and minimal latency, it offers unparalleled accuracy in writing tasks. Its fast charging capability allows for a rapid 15-second full charge, providing an impressive 45 minutes of usage. Additionally, its versatility shines through with smooth performance at angles of up to 55°, enhancing flexibility in creative endeavors.

### Clique H10

These exquisite wireless Bluetooth® headphones are specially designed to deliver sensational audio performance that enriches every music listening experience. Clique H10 redefines the Bluetooth® headphone experience with its sensational audio performance and versatile, sleek design. Unique lock-in ear fins ensure earbuds stay securely and comfortably in place during exercise 5+ hours of continuous listening and 260 hours of standby time.

### ROG Strix Fusion Wireless

ROG Strix Fusion Wireless is a wireless headset designed to give you freedom of movement. Compatible with PC, its 2.4GHz wireless connection and dual-antenna design offer a more stable and instant audio transmission, letting you game freely and without interruption. Its 50mm ASUS Essence drivers and exclusive airtight chamber technology lets you hear every detail in the game, and its easy touch controls ensure a smooth experience. Get ready to enjoy unparalleled flexibility.

### AI Noise-Canceling Mic Adapter

ASUS AI Noise-Canceling Mic Adapter is the world's first USB-C-to-3.5 mm adapter with integrated AI Noise-Canceling Microphone (AI Mic) technology. It uses AI-powered noise cancelation to deliver crystal clear voice communication when used with any 3.5 mm headset with a microphone. Weighing just 8 grams, it includes a digital-toanalogue converter (DAC) that includes exclusive ASUS Hyper-Grounding technology to prevent electromagnetic interference, giving you noise-free audio. Get a big upgrade on sound quality with this small device.

### Docking station

The newly upgraded ASUS USB3.0 HZ-3A Plus Dock lets you easily connect your laptop to all your accessories, and also gives you convenient network and audio connections! It connects to your PC via a single USB cable, and features two USB 3.0 ports on each side that now support a powerful fast-charge function for quickly recharging your portable devices. We've also added a DC-out 90W charger port for charging your laptop at the mean time.

### ASUS MHS07K monitor ergonomic stand

The ASUS MHS07K monitor ergonomic stand maximizes viewing comfort and improves productivity by giving tilt, pivot, swivel, and height adjustable capability for the ideal viewing position. For example, with the ASUS MHS07K monitor stand, users can pivot the monitor clockwise or counterclockwise 90° into a portrait orientation for less scrolling while reading longer e-mails and web pages.

### ASUS MKT02 mini-PC Mounting Kit

The ASUS LCD monitor mounting solution, MKT02 Mini PC Kit, is designed to work with ASUS selective monitors for those who need to mount mini PCs on the monitor, to make the desktop clutter-free and space saving. Easily mount mini PCs on the selective stand to make the desktop clutter-free and space saving. The VESA is 100x100mm compatible.

### ASUS Triple 4K Thunderbolt™ 4 Dock DC500

ASUS Triple 4K Thunderbolt™ 4 Dock is an all-in-one docking station designed for creators, and is the smallest 12-in-1 Thunderbolt™ 4 dock. It requires just a single cable connection to a creator laptop to hook up to multiple 4K displays and peripherals, as well as memory card readers for a complete, highly efficient creative workstation.

### ASUS Triple Display USB-C Dock Duo DC301

ASUS Triple Display USB-C Dock Duo is a sleek, compact one-stop device that streamlines laptop connectivity. Power your laptop through a single cable, connect to your network and peripherals, and multitask with up to four monitors. Simply put ASUS Triple Display USB-C Dock Duo keeps your desk neat, tidy and organized while setting you up for work in the blink of an eye.

## ASUS Triple Display USB-C Dock DC300

ASUS Triple Display USB-C Dock is a sleek, compact onestop device that streamlines laptop connectivity. Power your laptop through a single cable, connect to your network and peripherals, and multitask with up to four monitors — including a laptop monitor and three external monitors. It also has an integrated SD card reader for a diverse array of business scenarios. Simply put, ASUS Triple Display USB-C Dock keeps your desk neat, tidy and organized while setting you up for work in the blink of an eye.

## ASUS Dual 4K USB-C Dock DC201

ASUS Dual 4K USB-C Dock DC201 is a compact, portable, and stylish 5-in-1 docking station that offers dual 4K output via HDMI® 2.1 or USB-C®, superfast 10 Gbps file transfers, Gigabit Ethernet, and up to 100-watt Power Delivery to power and charge the latest laptops and mobile devices. It offers users a world of convenience, efficiency, and productivity.

## ASUS USB-C Mini Dock DC100

ASUS USB-C Mini Dock is a compact and lightweight USB-C® dock that gives PCs and laptops additional expandability options. It features a HDMI® with 4K output, USB Type-A and USB-C for up to 10 Gbps transfer speeds, plus up to 100 W power delivery passthrough.

ASUS WEBCAM MONITOR (BE24ECSNK/BE27ACSBK)

The Complete Videoconferencing Solution

 AI Noise-Canceling Mic

 Compatible with Major Videoconferencing Software

 Protect your eyes with ASUS Eye Care technology

 The USB-C That Does It All

- 23.8-inch/27-inch Full HD(1920x1080) frameless IPS panel with wide viewing angles.
- ASUS AI Noise-Canceling Microphone offers crystal-clear voice communication
- Face Auto Exposure technology helps users' face to stand out from the background and keep the image crisp.
- Extensive connectivity with HDMI, USB-C, DisplayPort, DisplayPort out for daisy-chain, earphone jack, USB hub and RJ45 LAN port for the most flexibility.
- USB-C port allows simple laptop docking for data transmission and video signal to the display, as well as charging the laptop via just one cable.
- Zoom Certified monitor has undergone comprehensive testing and review processes to ensure seamless communication.

ASUS ZenScreen (MB229CF/MB249C/MB27ACF)

Redefine Your Workspace

 USB Type-C PD 60 W

 Rapid Refresh Rate (MB229CF/MB27ACF)

 Come with Monitor Arm

 Built-in Audio 2.1 Channel speakers

- From 22-inch up to 27-inch FHD IPS display with sleek, ultraslim profile and transportable
- Multiple stand options and accessories, including an integrated carrying handle/kickstand, height-adjustable C-clamp with Z-axis adjustment
- Partition hook kit for flexible placement
- Rich connectivity options include a full-function USB-C® with 60-watt power delivery, HDMI®, and earphone jack
- Powerful 2.1-channel audio with subwoofer for exceptionally well-balanced audio
- Environmentally friendly design with ENERGY STAR®-certified energy efficiency, and packaged in FSC® certified paper

ASUS Business Touch Monitor (BE24ECSBT/Touch)

Boost Your Productivity On-The-Go

 VESA Wall Mounting : 100x100mm

 Ergonomic stand design

 10-point multi-touch capacity

 USB Type-C Monitor

- 23.8-inch Full HD(1920x1080) frameless IPS panel with wide viewing angles
- 10-point multi-touch capacity delivers smooth and intuitive touch experience.
- Extensive connectivity with USB-C with power delivery, HDMI, DisplayPort in and out for daisy-chain, Earphone jack and USB hub for the most flexibility
- Ergonomic design with +35° ~ -5° tilt, ±180° swivel, ±90° pivot and 130mm height adjustments for a comfortable viewing experience
- USB-C port allows simple laptop docking for data transmission and video signal to the display, as well as up to 80W power delivery to the laptop via just one cable.

ASUS ZenScreen Portable Monitor (MB16ACV)

Boost Your Productivity On-The-Go

 The USB-C That Does It All

 0.9Kg (1.98 lbs) Ultra lightweight

 Protect your eyes with ASUS Eye Care technology

 Inhibiting up to 99.9% bacterial

- 15.6-inch Full HD portable anti-glare IPS display with an ultraslim and thin design helps you get things done more efficiently when you're on the go
- Kickstand design prop the monitor up in either portrait or landscape mode easily.
- Features a hybrid-signal solution that supports power and video transmission, and enables compatibility with any laptop with a USB Type-C or Type A port.
- ASUS Eye Care monitors feature TÜV Rheinland-certified Low Blue Light technology to ensure a comfortable viewing experience.
- Proprietary long-lasting antibacterial treatment inhibits the growth of bacteria and fungi on the monitor.

- Up to 75Hz refresh rate with Adaptive-Sync technology to eliminate tracing and ensure crisp and smooth viewing experience
- Ergonomic design with tilt, swivel, pivot and height adjustments for a comfortable viewing position
- ASUS Eye Care monitors feature TÜV Rheinland-certified Flicker-free and Low Blue Light technologies to ensure a comfortable viewing experience
- Supports both Adaptive-Sync with NVIDIA GeForce\* graphics cards and FreeSync with AMD Radeon graphics cards \*Compatible with NVIDIA GeForce GTX 10 series, GTX 16 series, RTX 20 series and newer graphics cards

## ASUS Multitouch Monitor (VT229H)

## An Incredibly intuitive touch experience

Windows 10 and  
11 compliance

HDMI™  
HIGH DEFINITION MULTIMEDIA INTERFACE

Protect your eyes  
with ASUS Eye  
Care technology

- 21.5" Full HD IPS technology with stunningly wide 178° viewing angles
- 10-point multi-touch capacity featuring 7H hardness screen delivers smooth and durable touch experience.
- Windows 11/10 compliance
- Its frameless design makes it perfect for almost-seamless multi-display setups
- ASUS Eye Care monitors feature TÜV Rheinland-certified Flicker-free and Low Blue Light technologies to ensure a comfortable viewing experience

# Redefining Versatility and Innovation

The ASUS NUC brand represents a commitment to technological excellence, prioritizing innovative product design, to push the boundaries of performance and user experience.

Developed through a partnership between ASUS and Intel, the ASUS NUC product lines anchor on delivering uncompromised performance in the smallest form factors, backed by industry best quality and reliability, innovative modular designs, extended life span options, smart cooling solutions, and advanced AI capabilities. The versatility of the products shines through an array of configurations catering to diverse user needs, from developers, to power users, to casual home use. Positioned as the preferred choice for a variety of business applications, vertical industries, and everyday users, the ASUS NUC combines exceptional performance with essential features, aiming to shape the next generation of PC experiences.

With a focus on supporting diverse businesses and enhancing PC applications, the ASUS NUC aspires to deliver on the brand promise of delivering the Next Unit of Compute (NUC) and make a lasting impact in the ever-evolving tech landscape.

## ASUS NUC 14 Pro+

## Style Meets Performance

Featuring up to an Intel® Core™ Ultra 9 processor, the NUC 14 Pro+ effortlessly handles intensive AI workloads within its stylish aluminum chassis. With support for a stunning 4K quad display, it offers an immersive and productive visual experience.

• Up to Intel® Core™  
Ultra 9 Processor

• Dual-Channel DDR5-5600MHz  
SODIMMs, up to 48GB x2

• Unlocked AI  
Usage

• Support Quad  
Display

- Latest Intel® Core™ Ultra processors, Intel® Arc™ GPUs, and Intel® AI Boost for all compute needs
- Certified Bluetooth® for seamless connectivity
- Wi-Fi sensing for instant availability and reduced power consumption
- Toolless chassis access for easy, safe, and fast upgrades
- Eye-catching 5 x 4-inch anodized aluminum chassis
- Superior performance surpassing other competitive mini-PCs

## ASUS NUC 14 Pro

## Compact Power, Intelligent Performance

- Up to Intel® Core™ Ultra 7 Processor
- Dual-Channel DDR5-5600MHz SODIMMs, up to 48GB x2
- Intel vPro® Enterprise for Comprehensive Security and Remote Management
- AI Ready for Optimal Performance

- Intel® Core™ Ultra processors with three AI engines for high throughput and fast response
- Intel vPro® Enterprise for exceptional security, manageability, and stability
- Wi-Fi sensing for instant availability and reduced power consumption
- Certified Bluetooth® dongle-free for seamless connectivity
- Toolless access 4x4-inch chassis for easier, safer, and faster upgrades
- Best-in-class performance among comparable mini-PC offerings

NUC 14 Pro ( Slim )

NUC 14 Pro ( Tall )

## ASUS NUC 14 Performance

## Level Up. Embrace intelligence.

- Up to Intel® Core™ Ultra 9 Processor
- NVIDIA® GeForce RTX™ 4070 or RTX™ 4060 Discrete Graphics
- Unparalleled Multitasking with Support for Up to Five 4K Displays
- Dual-Channel DDR5-4400MHz SODIMMs, up to 32GB x2

- Performance: Achieve top-tier Intel® Core™ Ultra 9 performance with our mini-PC, surpassing all expectations
- Speed: NVIDIA® GeForce RTX™ 4070/4060 Discrete Graphics are beyond fast for business productivity
- Five 4K Display: Efficiently control and manage your calendar, meetings, cloud files, and emails without compromising productivity
- Flexible: The stand provides better versatility in various placement options, making it easier to plug and unplug cables
- AI Ready: Exploits the prowess of Intel® Core™ Ultra processors' three AI engines - GPU, NPU, and CPU - for high throughput, low power, and quick reaction

## ASUS ExpertCenter PN65

## Unleash Compact Power for Business and Industrial Use

The ASUS ExpertCenter PN65 is your ultimate solution, delivering robust performance tailored for both business and industrial applications. Powered by Intel® Core™ Ultra 7 processor 155H or Intel® Core™ Ultra 5 processor 125H with Intel® Arc™ Graphics, it achieves the perfect balance of power and efficiency. Customize it to your preferences with various multi-storage configurations, including dual high-speed PCIe® Gen 4 SSD for rapid boot-up and app loading.

- Up to Intel® Core™ Ultra 7 Processor
- Dual-Channel DDR5-5600MHz SODIMMs, up to 48GB x2
- Quad 4K UHD Display Support
- Exceptional wireless performance with Wi-Fi 7, Wi-Fi 6E, and Wi-Fi 6

- Robust computing power for AI applications, such as object recognition and sound detection
- Versatile I/O support with DP port, HDMI, VGA, COM or LAN
- Suitable for various uses like signage, Kiosk, POS system, and intelligent vending machine
- Innovative cooling and anti-dust self-cleaning system
- Quad-display support or 4K UHD resolution at 60 Hz
- Compact size of under 1 liter

## ASUS ExpertCenter PN43

- Powered by Intel® Processor N97, N200 and N100
- Enhanced Durability and Thermal Design
- Support up to 3 Displays
- Ultrafast WiFi 6 / WiFi 6E

- Silent fanless models or performance-boosting fan models available
- Ultrafast WiFi 6 / WiFi 6E and Bluetooth for seamless wireless connections
- AI noise-cancellation for clear online meeting communication
- Versatile I/O support with DP port, HDMI, Type-C with DP, COM, or VGA
- Supports up to 3 displays simultaneously or dual 4K displays
- Compact size of under 0.67 liter

## ASUS ExpertCenter PB63

### Solid Reliability for Your Business

- Up to Intel® Core™ i7 processor 14700K
- Dual-Channel DDR5-5600MHz SODIMMs, up to 32GB x2
- Supports Triple Displays and 4K Resolution
- MIL-STD-810H Military Standard for Harsh Environments

- Supports 13/14th Gen Intel® Core™ Processors, Intel® Pentium® Gold Processors, and Intel Celeron Processors
- Ultrafast Gig+ wireless speeds with Intel Wi-Fi 6E and Bluetooth 5.2
- Versatile I/O support with DP port, VGA, LAN, COM, or HDMI
- Optional accessories available: optical drive, VESA mount, vertical stand
- 24/7 reliability tested for stable operation
- Ideal for offices, hospitals, digital signage, or retail environments

## ASUS NUC 13 Rugged

### Reliable Performance in Unreliable Conditions

- Withstand 0-50° external ambient temperatures
- IP50-rated fanless and dust-resistant chassis
- Qualified for 24/7 sustained operation
- Featuring the Intel® Processor N50 and Intel® Atom® processors

- Designed for applications requiring resilience against dust exposure, shocks, and vibration
- Kits and boards offer high performance, connectivity, and reliability in a fanless, ruggedized chassis
- Can withstand operating temperatures of 0° to 50°C (select kits)
- Features Intel® Atom® x7425E / Intel® Atom® x7211E / Intel® Processor N50
- Versatile platform for edge solutions with small form factor, long platform life, and expandable I/O
- Qualified for 24x7 sustained operation, reliable for long-term and intensive use"

## ASUS Mini PC PL64-D1

### Compact, Fanless, Reliable

### Built for Indoor Industrial Applications

- Up to 12th Gen Intel® Core™ i7 processors
- Dual-Channel DDR4-3200MHz SODIMMs, up to 32GB x2
- Supports Triple Displays and 4K Resolution
- MIL-STD-810H Military Standard

- Supports 12th gen Intel® Core™ mobile processor with Intel® Iris Xe Graphics
- Triple LAN ports with PoE+ support for easy PTZ camera connections
- Multiple mounting options with a Z-height of less than 35mm for versatile usage scenarios
- Ideal for surveillance, digital signage, retail, machine vision, and IoT control units
- Operates in up to 50°C ambient temperature
- MIL-STD-810H standard and extensive 24/7 testing for long-term reliability

# ASUS Chromebox 5a

## Simple, Speedy, and Secure

- Built-in Google Play support
- Support ChromeOS with Advanced Security Features
- Up to 13th Gen Intel® Core™ i7 Processor
- Dual-Channel DDR4-3200MHz SODIMMs, up to 32GB x2

- Powered by 13th Generation Intel® Core™ or Celeron® processors
- Supports up to four 4K displays
- Intel® WiFi 6E for ultrafast network speeds
- Comprehensive business-grade security against viruses, malware, and security threats
- MIL-STD-810H military-grade reliability
- Made of Post-Consumer Recycled Plastic (PCR) with a durable scratch-resistant textured surface for sustainability

# ASUS Fanless Chromebox CF40

## Built for Diverse Commercial Applications

- Powered by Intel® Celeron™ N4500 Processor
- Fanless design for Extremely Quiet Operation
- Support ChromeOS with Advanced Security Features
- Advanced Cooling

- Ideal for POS, warehouse, Kiosk, and wayfinding applications
- Fanless design for stable thermal performance in any environment
- Supports dual 4K displays
- Built-in Google Play support for access to a wide range of Android apps
- Automatic software and security updates for virus and malware protection

# ASUS - Google Meet hardware kit

## Meetings with Anyone, Anywhere!

- Immersive HD Meeting Experience
- Face-to-Face Audio Quality
- Stylish and Reliable Compute System
- Suitable for Meetings of Various Sizes

- Smart one-touch video conferencing solution
- Vivid and smooth 4K full HD resolution for stunning video conferencing
- Peripheral options include ePTZ UHD camera, PTZ camera, speakerphone, touch control panel, and remote control
- Supports meetings of all sizes, from small huddle rooms to large conference and boardrooms
- Daisy chainable speakerphones with 360° pickup, duplex echo cancellation, and noise suppression support.

# Your Business Network Expert Within Reach

ASUS router consistently earns top marks for satisfaction, setup, reliability, technical support, and value in the small office/home office (SOHO) and small-to-midsize business (SMB) users. Our commitment to WiFi and networking innovation and customer satisfaction establishes ASUS as a worry-free choice for businesses worldwide. The ASUS ExpertWiFi series caters to businesses of all sizes, encompassing wireless access point, network switch, wired VPN router and all-in-one WiFi routers. It provides fast, secure, and user-friendly business network solutions that enhance productivity and reduce total cost of ownership. Easy setup and powerful management: ASUS ExpertWiFi Mobile App and Multi-Site Manager.

## ASUS ExpertWiFi (EBA63)

- Dual-Band WiFi 6
- Gigabit PoE+
- 2400 sq.ft. coverage
- 100+ connected devices

- Seamless and Extendable Connections – Enjoy uninterrupted roaming with WiFi 6 speeds of up to 3000 Mbps, support for up to 100 active devices and easy scalability to meet the evolving needs of your business network.
- Secure and Segmented Networking – Easy WiFi network settings via Self-defined Networks, and enhanced business security with VLAN support, offering up to five SSIDs for device segregation and prioritization in diverse business scenarios.
- Flexible Deployment with PoE – Support for both Power over Ethernet (PoE) connection and AC adapters, providing versatile options for installation.
- Accommodate to Any Space – Supports ceiling and wall mounting to fit into various business environments with more flexibility.
- Built for Safety and Reliability – Compliant with IEC 60601-1-2 standards, and with the top half of the device made of materials that meet the UL94 5VB plastics flammability standard\*, the EBA63 ensures a stable and reliable connection.

\* Only the top half of the EBA63 is constructed using UL94 5VB plastics flammability standard material.  
- The ASUS ExpertWiFi series is compatible with ASUS AiMesh products; however, the functionality of software features is subject to the capabilities of the primary router. The availability of some ExpertWiFi features may also depend on whether the AiMesh router supports them.

## ASUS ExpertWiFi (EBR63)

- Dual-Band WiFi 6
- Self-Defined Network (SDN)
- Extendable AiMesh
- Commercial-Grade Network Security

- Secure and Segmented Networking – Easy business WiFi network settings via Self-Defined Networks, and enhanced business security with VLAN support, offering up to five SSIDs for device segregation and prioritization in diverse business scenarios.
- Customizable Guest Portal – Guest portals can be tailored to meet your business needs, with custom portal types, branding and visual templates to fit particular business styles
- Backup WAN for Stable Connectivity – The USB port can be used as a backup WAN by connecting it to a mobile phone with hotspot to maintain a reliable internet connection
- Commercial-Grade Network Security and VPN – Safe Browsing, VPN features to connect easily and securely to public WiFi, and a free subscription to ASUS AiProtection Pro
- Accommodate to Any Space – The EBR63 comes with a built-in bracket and wall mount hole that can be adjusted to fit into almost any location for space-saving and more flexibility

- The ASUS ExpertWiFi series is compatible with all ASUS AiMesh products, but supported features may vary based on model.

# ASUS ExpertWiFi (EBG19P)

- Up to 3 WAN Ethernet Ports with load balancing and failover
- 8 PoE+ ports
- 1.5 Gbps IDS/IPS throughput
- Commercial-Grade Network Security

- Power over Ethernet — 8 PoE ports capable of delivering up to 123 watts of power offer a convenient solution for powering various PoE-enabled devices.
- VLAN for Added Security —Each of the Ethernet ports can be assigned to one or more VLAN IDs that provides additional security for your business.
- Up to 3 WAN Ethernet Ports – 1 gigabit WAN port and 2 gigabit WAN/LAN ports with load balancing optimize multi-line broadband usage. Besides, the USB port can be used as a backup WAN by connecting it to a mobile phone with hotspot to maintain a reliable internet connection.
- Device Management Made Easy — Conveniently centralized control over the PoE devices like EBA63 connected to the EBG19P via web browser or the ASUS ExpertWiFi mobile app.
- Commercial-Grade Network Security and VPN — Secure public WiFi connections with Safe Browsing and VPN features. Enjoy a free-subscription ASUS AiProtection Pro, including robust intrusion prevention system (IPS) features like deep packet inspection (DPI) and virtual patching to block malicious traffic.

- The ASUS ExpertWiFi series is compatible with ASUS AiMesh products; however, the functionality of software features is subject to the capabilities of the primary router. The availability of some ExpertWiFi features may also depend on whether the AiMesh router supports them.

# ASUS ExpertWiFi (EBG15)

- Up to 3 WAN Ethernet Ports with load balancing and failover
- 1.5 Gbps IDS/IPS throughput
- Site-to-Site VPN
- Commercial-Grade Network Security

- Easier-Than-Ever Setup — Convenient and easy router management via web browser or the ASUS ExpertWiFi mobile app through Bluetooth setup.
- VLAN for Added Security —Each of the Ethernet ports can be assigned to one or more VLAN IDs that provides additional security for your business.
- Up to 3 WAN Ethernet Ports – 1 gigabit WAN port and 2 gigabit WAN/LAN ports with load balancing optimize multi-line broadband usage.
- Backup WAN for Stable Connectivity –The USB port can be used as a backup WAN by connecting it to a mobile phone with hotspot to maintain a reliable internet connection.
- Commercial-Grade Network Security and VPN — Secure public WiFi connections with Safe Browsing and VPN features. Enjoy a free-subscription ASUS AiProtection Pro, including robust intrusion prevention system (IPS) features like deep packet inspection (DPI) and virtual patching to block malicious traffic.

# ASUS ExpertWiFi (EBP15)

- 5 x Gigabit Ports
- 4 x PoE+ Ports with 60W PoE Budget
- Support VLAN, QoS and IGMP snooping
- Wall mount and Desktop

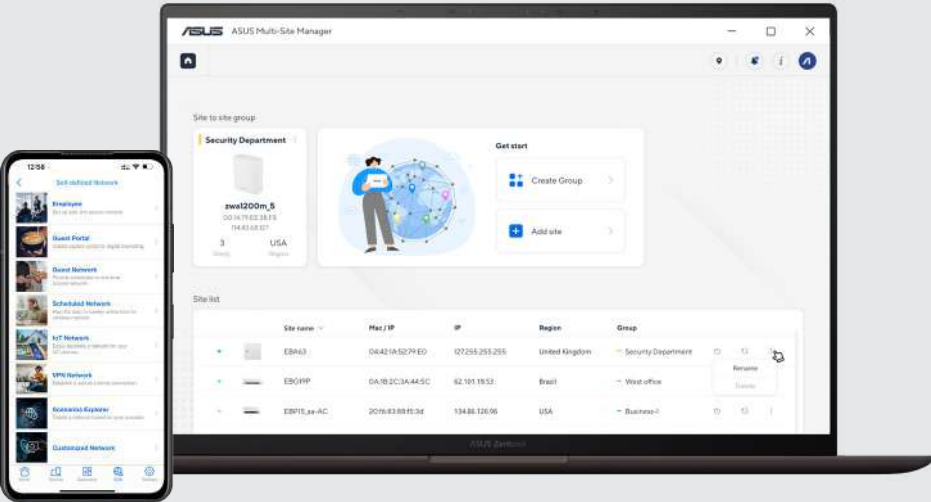

- Power over Ethernet — 4 PoE+ ports capable of delivering up to 60 watts of power offer a convenient solution for powering various PoE-enabled devices.
- VLAN for Added Security — Each of the Ethernet ports can be assigned to one or more VLAN IDs that provides additional security for your business.
- Fluent Network Experience with QoS — Dedicated bandwidth priority based on Quality of Service traffic management ensures better delivery of mission-critical traffic such as voice and video, without delay.
- Multimedia Traffic Optimization — IGMP snooping to prevent traffic congestion and optimize multicast traffic distribution, ensuring better network experiences during video conferencing or media streaming.
- Device Management Made Easy — The ASUS ExpertWiFi router on your network enables conveniently centralized control over the EBP15 and connected devices.

# ASUS ExpertWiFi (Mobile App) & Multi-Site Manager

- The ASUS ExpertWiFi series delivers robust security and streamlined management for your business network. Monitor and control your network from anywhere with the ASUS ExpertWiFi mobile app, featuring comprehensive security, VPN and network management tools. For businesses with multiple locations, ASUS Multi-Site Manager enables centralized administration of up to 30 sites, including effortless site-to-site VPN setup.
