ASUS Chromebook Enterprise CX1

Get more done every day, from anywhere

ASUS Chromebook Enterprise CX1 is made for boosting productivity while on the move — all day, every day. This lightweight, ultraportable device is powered by up to a quad-core Intel® processor and gives you the freedom of up to 13-hour battery life¹. Its immersive visuals maximize your focus and productivity, and the device is your gateway to the best of Google, including the rich library of apps for work on the Google Play². With speedy performance, robust security and convenient features, ASUS Chromebook Enterprise CX1 is ideal for business on the go!

Military-grade toughness

With structural reinforcements to boost chassis strength, ASUS Chromebook Enterprise CX1 is solidly built and provides durability for all your travels. It also meets next-level and industry-leading MIL-STD 810H³ US military tests, which are more rigorous and demanding than ever before. Additionally, the device undergoes stringent in-house testing — including panel-pressure, shock and drop tests — for ensuring maximal toughness, so you don't have to worry about everyday knocks and bumps.

Exceptional typing experience

A full-size, ergonomic keyboard with 1.5 mm key travel ensures that typing is supremely comfortable. Typing on a compact device has never been this smooth and easy! Accidents happen, and ASUS Chromebook Enterprise CX1 is ready for them: its spill-resistant keyboard⁴ can cope with up to 60 cc of liquids without harm, so minor spillages can be easily drained, cleaned and dried.

Day-long battery

The power-efficient ASUS Chromebook Enterprise CX1 is designed to last for up to 13 hours¹ on a single charge, so you can work throughout the day and while you're on the move.

Modern, stylish, and ultraportable

ASUS Chromebook Enterprise CX1 embodies pure style and portability with a lightweight, 1.24 kg chassis and a distinctively trendy look and feel. Designed for empowering on-the-go lifestyles, it's always ready to go wherever your day takes you.

Powerful performance

Powered by up to a quad-core Intel® processor, ASUS Chromebook Enterprise CX1 delivers excellent performance for responsive experiences with your favorite apps. Combined with the full capabilities of Google Workspace and other productivity apps from the Google Play², the device lets you make quick work of your to-do list, from anywhere.

Easy idea sharing

ASUS Chromebook Enterprise CX1 offers a 180° lay-flat hinge that allows it to be fully opened and laid completely flat on a desk or table. This setup makes it easy to share ideas, visuals, samples and designs when you're working with colleagues or clients.

Application Explore with Google Play²

Full access to Google Play² lets your employee's favorite apps for work and creativity. Also, with seamless cloud integration, you can easily pick up right where you left off, from any device.

Security Built-in security features

With automatic updates⁵ and built-in anti-virus protection, ASUS Chromebook Enterprise series keeps your device safe, secure and always up to date.

Management IT tools for remote management

ASUS Chromebook Enterprise series enables IT to remotely enroll devices and set device policies, manage client certificates and monitor the fleet around the clock via the Google Admin console.

1. Based on Chromium OS power Load Test. The 13-hour battery life was determined by looping local video playback at higher than 80 nits and at the default display brightness level. Battery performance is based on a mix of standby, web browsing and other use. Charging time requires the battery to be at least 5% charged, with the device inactive and using the included charger. Actual battery life depends on usage, specifications, applications and environment, among other factors.
2. Internet connection required. Google, Google Play, YouTube and other marks are trademarks of Google LLC.
3. ASUS Chromebook Enterprise CX1 laptops undergo multiple laptop quality tests but are not subject to all tests stated. The testing data includes the requirements of both military-grade standards and ASUS quality tests.
4. The ASUS Chromebook Enterprise CX1 keyboard is spill-resistant, not waterproof. Water damage is possible if the product is submerged or exposed to large amounts of liquids for long periods of time. ASUS standard limited warranty does not cover problems resulting from accidents such as water damage. To prevent water damage resulting from large spills or other accidents, ASUS recommends turning off the notebook, then tilting the laptop to drain away the excess liquid, wipe it off and let it dry for at least 24 hours.
5. Auto-updates and auto-backup require an internet connection.

OMNI-CONNECTIVITY

Multiple connections ensuring a seamless interface

3-Year international warranty

100% free of charge, with no hidden costs.

Pick Up & Return service

Enjoy a door-to-door service including pick up, repair, and return.
