## ASUS Chromebook Enterprise CX1

# A broader view to get more done

ASUS Chromebook Enterprise CX1 is made for boosting productivity and multitasking all day, every day. This ultimate 17-inch device is powered by up to a quad-core Intel® Pentium® processor and gives you the freedom of up to 17-hour battery life<sup>1</sup>. The slim-bezel design fits more screen into the chassis for easy multitasking, and the device is your gateway to the best of Google, including the rich library of apps for work on the Google Play<sup>2</sup>. With speedy performance, robust security and convenient features, ASUS Chromebook Enterprise CX1 is perfect for working from anywhere!

### Powerful performance

Powered by up to a quad-core Intel® processor, ASUS Chromebook Enterprise CX1 delivers excellent performance for responsive experiences with your favorite apps. Combined with the full capabilities of Google Workspace and other productivity apps from the Google Play<sup>2</sup>, the device lets you make quick work of your to-do list, from anywhere.

### Day-long battery

The power-efficient ASUS Chromebook Enterprise CX1 is designed to last for up to 17 hours<sup>1</sup> on a single charge, so you can work throughout the day.

### Military-grade toughness

With structural reinforcements to boost chassis strength, ASUS Chromebook Enterprise CX1 is solidly built and provides durability for all your travels. It also meets next-level and industry-leading MIL-STD 810H<sup>3</sup> US military tests, which are more rigorous and demanding than ever before. Additionally, the device undergoes stringent in-house testing — including panel-pressure, shock and drop tests — for ensuring maximal toughness, so you don't have to worry about everyday knocks and bumps.

### Immersive visual for focused productivity

Featuring narrow bezels, ASUS Chromebook Enterprise CX1 packs a stunning 17-inch display into its solid chassis. Combined with a matte anti-glare coating to reduce distracting reflections, the device maximizes your focus and screen area.

### Ultrafast, stable connections

ASUS Chromebook Enterprise CX1 offers dual-band WiFi 6 (802.11ax) for strong, stable signals and superfast speeds, allowing you to load online content in the blink of an eye. Its connectivity is made even better by exclusive ASUS technologies — such as ASUS WiFi Master for Chrome OS<sup>4</sup> — that ensure greater speed, stability and range for your WiFi connections and help you stay connected anywhere.

### Exceptional typing experience

A full-size, ergonomic keyboard with 1.5 mm key travel ensures supremely comfortable typing experiences on ASUS Chromebook Enterprise CX1 — typing on a device has never been this smooth and easy! The device also features a numeric keypad for convenient, intuitive number input.

### Application Explore with Google Play<sup>2</sup>

Full access to Google Play<sup>2</sup> lets your employee's favorite apps for work and creativity. Also, with seamless cloud integration, you can easily pick up right where you left off, from any device.

### Security Built-in security features

With automatic updates<sup>5</sup> and built-in anti-virus protection, ASUS Chromebook Enterprise series keeps your device safe, secure and always up to date.

### Management IT tools for remote management

ASUS Chromebook Enterprise series enables IT to remotely enroll devices and set device policies, manage client certificates and monitor the fleet around the clock via the Google Admin console.

1. Based on Chromium OS power Load Test. Battery performance is based on a mix of standby, web browsing and other use. Charging time requires the battery to be at least 5% charged, with the device inactive and using the included charger. Actual battery life depends on usage, specifications, applications and environment, among other factors.

2. Internet connection required. Google, Google Play, YouTube and other marks are trademarks of Google LLC.

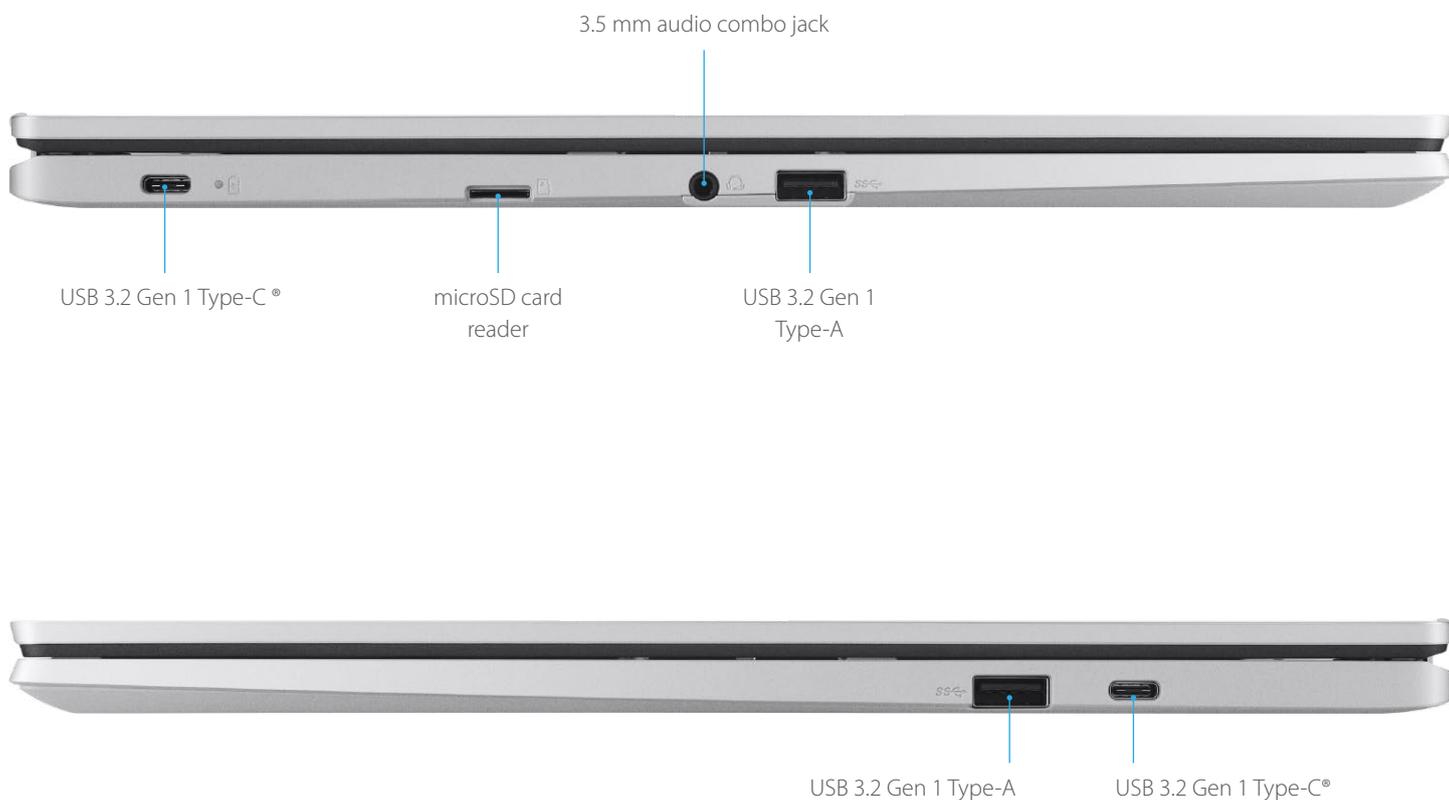

3. ASUS Chromebook Enterprise CX1 laptops undergo multiple laptop quality tests but are not subject to all tests stated. The testing data includes the requirements of both military-grade standards and ASUS quality tests.

4. CX1700CKA is certified with WiFi Master for Chrome OS, WiFi Master for Chrome OS certified devices feature WiFi 6 and enhanced WiFi stability when USB 3.2 Gen 1 interference is present, allowing users to stream smoothly when they are up to 160 meters to 225 meters away from a router.

5. Auto-updates and auto-backup require an internet connection.

# OMNI-CONNECTIVITY

Multiple connections ensuring a seamless interface
