ASUS ExpertCenter D9 SFF

Maximum productivity, rock-solid reliability

ASUS ExpertCenter D9 SFF delivers a high-performance, enterprise-grade security and management in an ultra-compact and sleek package, so business users can have a flexible and neat workspace.

Productivity

Get what you need done, quickly and efficiently

Effortless performance

It is powered by cutting-edge 11th Gen Intel® Core™ vPro processor with the latest DDR4 RAM. It also supports professional-grade graphics cards for demanding visual tasks.

Compact and flexible

Designed to fit any workspace, it has a modern, compact and stylish small-form-factor chassis that can stand either vertically or horizontally. So for example, you can place a monitor beside it or on top of it.

Comprehensive connections

A full array of I/O ports is ready to connect to a wide range of business peripherals. It has seven front-mounted USB ports, a smart-card reader and SD card reader (optional)

Hassle-free maintenance and upgrades

It has a tool-free chassis design so you can open it up with no tools required, making component upgrades and routine servicing easy.

Expandability and durability

Meet your business now and in the future

World's #1 motherboards

ExpertCenter desktops use ASUS motherboards — the world's #1 motherboards¹ — which are renowned for offering comprehensive system protection to safeguard hardware and 24/7 stability.

US Military grade

Expert series PCs are solidly built and engineered to meet strict military-grade MIL-STD 810H durability standards, so it's ready to help your business for years to come.

100% solid capacitors

ASUS uses only solid capacitors, which are more stable, tolerate higher ripple current, and generate less heat than standard electrolytic capacitors.

Management Simplify business process

ExpertCenter desktops feature advanced manageability for more flexible IT control. Intel vPro technology and optional ASUS Control Center allows IT staff to remotely control and manage company asset, designed for smart management for enterprises.

Security Safeguard your data

ExpertCenter desktops offer business-grade security — inside and out. An Trusted Platform Module (TPM) chip, making transactions more trustworthy and ASUS Business Manager can block access to external USB devices.

Eco-friendly Preserve the environment

Committed to creating a sustainable future, Expert series PCs adopt stringent environmental requirements at all stages of the product lifecycle and optimize energy use to lower your operating cost in the long term.
