

EVOLVE WITH AI

Why Education Needs AI Now

As the world evolves at an unprecedented pace, education must transform to meet the needs of future learners – and AI is at the heart of this transformation.

**Faster
Performance**

**Closer
Collaboration**

**Greater
Creativity**

With ASUS Education devices powered by AI, schools and students gain smarter tools that enhance productivity, improve collaboration, and boost creativity. Now is the time to reimagine what learning can be – with technology that adapts, empowers, and inspires.

AI-powered laptops help bring AI learning to life through **ASUS Education Solutions.**

- AI ExpertMeet collaboration tools
