\*All specifications are subject to change without notice.

\*1. The battery has a lifespan and ages every time when it is charged and discharged. It will gradually lose its charging capability as it ages

\*2. Need to download ASUS ZenScreen Touch App first. Device must support Host Storage mode and HID multi-touch function.

\*3. Single point touch support only. For Mac OS 10.15 users, please be noted that you will need to update the latest monitor firmware to activate the touch function.

\*4. This software can be downloaded from ASUS website and works with Windows OS.
