

ASUS ExpertCenter D900SA

Maximum productivity, rock-solid reliability

Built to perform and easy to manage for enterprises, ExpertCenter D900SA Small Form Factor delivers serious business horsepower with a next-level Intel® Core™ processor and comprehensive connections in an ultracompact and sleek package. It also supports Intel vPro® technology for modern manageability for IT, benefits from US military-grade durability and advanced security protection. D900 Small Form Factor is both easy to configure and upgrade, so it's ready to serve your business today and long into the future.

ASUS ExpertCenter D900SA

To make light work of all your business tasks, ExpertCenter D9 SFF is powered by cutting-edge 10th Gen Intel Core™ vPro processor for increased performance and modern manageability for enterprises. Its two SSDs support both RAID 0 and RAID 1 levels for superior performance or improved data security. Plus, up to three displays can be used simultaneously even without adding an extra graphics card.

Easy to use and service

A tool-free chassis design with no tools required to open it up. Save time and make component upgrades and routine servicing easy.

Military-grade durability

Built and tested to the most demanding industry requirements with MIL-STD 810G US military standards to mitigate against everyday workplace accidents.

Ready for the business world

A full array of I/O ports to connect users with a wide range of business peripherals.

Secure and safe solutions

ExpertCenter desktops feature sophisticated security features to keep your business, and its future, safe.
