

ASUS V161 All-in-One PC

The Flexible All-in-One PC for Your Business

ASUS V161 All-in-One PC features a 15.6-inch 16:9 LED-backlit display that ensures crystal-clear images and reduced power consumption. The 10-point touch panel with one-touch wake from sleep mode offers a responsive and smooth touch experience. V161 is designed for convenient connectivity, and is equipped with 2x serial (COM) ports, 4x USB 3.1 Gen 1 ports, 1x VGA port and 1x HDMI output, so it can connect easily to other commercial devices — from barcode readers and POS systems at retail to projectors at school. The fanless design reduces operation noise and improve reliability by reducing dust in the system.

ASUS V161GA-XB001T All-in-One PC

The ASUS All-in-One PC is powered by Intel® Celeron® processor, Intel® HD Graphics, and support for up to 8GB DDR4 memory for easy multitasking, enhanced performance, and better energy efficiency in whatever you choose to do.

Capacitive 10-Point Multitouch Screen

ASUS All-in-One PC V161 has a 15.6-inch display with capacitive 10-point multitouch to provide users with a smooth and responsive input experience

Tested for Perfection

ASUS business desktops are subjected to a series of rigorous noise, vibration, drop, and thermal shock tests to ensure they meet our exacting standards and exceed those used by other manufacturers.

Convenient Connectivity

Connect to other commercial devices – from projectors at school to barcode readers and POS systems at retail. The additional COM port supports a wide variety of devices

Secure Total Physical Protection

Our desktop solutions are built with sophisticated security features to keep your business, and your future, safe and secure.
