

ASUS Mini PC PB series

Solid Reliability for your Business

Ultra-compact, versatile and powerful, ASUS Mini PC PB60 is powered by the latest Intel® Core™ T Series or Pentium® Gold processors and measuring just 175 x 175 x 34.2mm with a one-liter volume, Mini PC PB60 delivers desktop-grade performance, while occupying minimal space. Its durable metal chassis and extensive testing exceeding industry standards ensures reliable, 24/7 operation, even in harsh environments. VESA-mount compatibility, comprehensive connectivity with eight USB ports and support up to three 4K UHD displays, PB60 provides the flexibility for many usage scenarios.

PB60

Desktop-grade performance, slim style

Powered by the latest Intel® Pentium® Gold to Core™ i3, i5, i7 T Series processors, PB60 is able to handle intensive computing tasks smoothly

Versatile, space-saving design

Stylish metal case measures just 17.5 x 17.5 x 3.4cm, helping you maintain a clutter-free workspace. It can also be mounted easily to the back of any VESA-compatible display, making it perfect for a range of business applications — from a media server to a store kiosk.

Stackable, modular design for added functionality

With optional stackable modules designed to fit perfectly, you can add just the functionality you need to Mini PC PB60 without sacrificing its compact size. A DVD optical drive expansion module can be installed in just three easy steps.

Accessories list:

- Keyboard + Mouse (Optional), Wired/Wireless
- AC Adapter
- Warranty Card
- Quick Start Guide
- VESA Mount Kit
