

RP-AC55

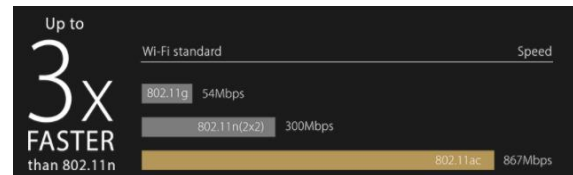

Wireless-AC1200 dual-band repeater for easy setup

- **Extend fast Wi-Fi from your router** - Enjoy the combined dual-band speeds of up to 1200Mbps.
- **Improve Wi-Fi coverage throughout your home** - Dual-band antenna design with two external antennas extends fast Wi-Fi coverage to every room.
- **Easy setup with signal indicator** - Find the ideal place for RP-AC55 using the LED signal indicator, and enjoy one-click setup.
- **ASUS extender app** - PC-free setup of network, anytime, anywhere.
- **Easy mode-switching** – Instantly configure the best mode for your needs: Repeater, Access Point or Media Bridge.

Experience Ultra-Fast Wireless

Powered by the new 802.11ac chipset, RP-AC55 delivers ultra-fast wireless-AC speeds up to 867Mbps on the 5GHz band — that's about 3 times faster than standard Wireless-N! This high-performance wireless lets you enjoy ultra-smooth online gaming, snappier web surfing and other bandwidth-hungry tasks without a wired connection.

Easy one-click setup with WPS button

You can use the WPS buttons on RP-AC55 and your router for instant automatic setup. Optimized performance is assured for a seamless and smooth internet experience. For advanced settings, you can connect RP-AC55 to a PC via an Ethernet cable and access the web-based configuration menu directly.

Easy setup with ASUS Extender App

Now It's much easier and more intuitive to set up your ASUS repeater. With just a few taps, you can easily transfer your router's login information to the repeater, and there are easy instructions to help you find the ideal location for RP-AC55. It's all PC-free and right in your hand!

Find the best location for your ASUS Repeater

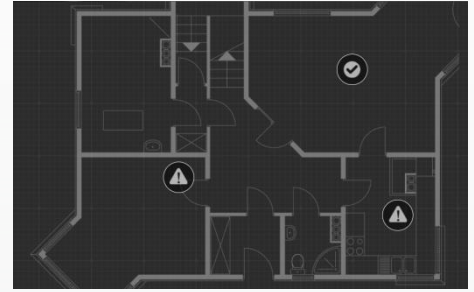

Your ASUS RP-AC55 repeater works in any size or shape of house.

Tip1: Distance from router

Tip2: Place in stairwell

Tip3: In open space

Find the Best Spot with ease

Handy positioning LEDs make installation simple!

Too Far Away
Move RP-AC55 closer to the router

Best Position
Both LED indicators are off

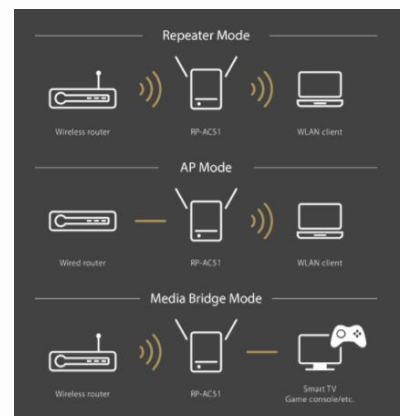

Too Close
Move RP-AC55 further away from the router

3-in-1 modes for ASUS repeater

The versatile RP-AC55 can be also be used as an access point (AP) or as a media bridge. In AP mode, it adds Wi-Fi hotspot to a wired network, allowing wireless devices to connect to the internet. In Media Bridge mode, it adds Wi-Fi capability to any device with a network port.
