IN SEARCH OF INCREDIBLE

ASUSPRO P5440 NOTEBOOKS

Unexpectedly light with dual storage in one business ultrabook.

Today's fast-paced business life demands a notebook that can keep up, wherever and whenever you're working. The compact, ultralight ASUSPRO P5440 meets that need, offering unrivaled mobility with flexible high-performance dual storage options to supercharge your productivity. A full set of I/O ports, including USB-C™ and HDMI, lets you connect seamlessly to all your peripherals on the road or in the office, and the 180° lay-flat hinge makes screen-sharing easy. With its all-working-day 10-hour battery life, P5440 is always ready for business, anytime and anywhere.

Dual Storage
Ultrafast SSD and high-capacity HDD

ASUSPRO P5440 is designed to deliver uncompromising performance, with a powerful and flexible dual-storage option that gives you the benefit of an ultrafast solid-state disk (SSD) combined with the huge storage capacity of a traditional hard disk drive (HDD). The SSD delivers superfast data access and no-wait boot-up, while the HDD gives you all the space you need for your files. It's the perfect combination to supercharge your productivity.

Thin and Light
Ultra portability for 'anywhere' usage

The ASUSPRO P5440 is extremely light at 1.23kg for the lightest SKU and is only 18.5mm thin, making the business ultrabook not only productive, but also ultra portable for business persons on the go. With a chassis crafted from solid magnesium alloy, ASUSPRO P5440 is thin and light, yet tough enough to cope easily with the rigors of business travel. And with its elegant grey finish, it's a masterpiece of craftsmanship that creates a truly professional impression, wherever you go.

Seamless Connectivity
Hassle-free with more connecting ports

For maximum on-the-go convenience, ASUSPRO P5440 has a full range of connectivity features, including the fast and versatile USB-C™ port. Its HDMI output lets you connect to a monitor, projector or big-screen TV — perfect for presentations. ASUSPRO P5440 is enabled to connect to more as ASUS offers two complimentary USB dongles (for LAN port & VGA), and a super convenient SimPro dock for multiple seamless interfaces for the ASUSPRO P5440 with its USB Type-C ports plus a whole host of other ports and connectors.

Meeting Different Needs
Suitable for a varity of industries and job functions

With its ultraportable design, dual storage, 180° hinge and long battery life, ASUSPRO P5440 ensures maximum productivity for every professional, from IT, sales to manufacturing professional, or whatever their field is. Empower your business now with the incredible ASUSPRO P5440.
